FOR MANY YEARS THE STECK PIANOFORTE has been held in the highest esteem by the representative artists and musicians of the United States, who unhesitatingly claim for it a superiority of TONE, ACTION AND WORKMANSHIP that renders it the most perfect instrument of its class. This solid reputation, the product of years of steady effort to keep the STECK PIANOFORTE beyond the reach of rivalry, has been signally approved by the action of the highest musical tribunals in Europe.
