GRENVILLE CANAL ENLARGEMENT. SECTIONS A AND B.

NOTICE TO CONTRACTORS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tenders for Grenville Canal Enlargement," will be received at this office until noon on Saturday, 9th May, 1896, for the enlarging of about 13 miles of the Grenville Canal.

Plans and specifications of the work can be seen at the office of the Chief Engineer of the Department of Railways and Canals, at Ottawa, or at the Superintending Engineer's Office, Montreal, where forms of tenders can be obtained on and after Thursday, 9th April, 1896.

In cases of firms there must be attached the actual signatures of the full name, and the nature of the occupation, and place of residence of each member of the same, and further, an accepted bank cheque for the sum of \$5,000 must accompany the tender; this accepted cheque must be endorsed over to the Minister of Railways and Canals, and will be forfeited if the party tendering declines entering into contract for work at the rates and on the terms stated in the offer submitted. The accepted cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

The lowest or any tender not necessarily accepted

By Order, J. H. BALDERSON, Secretary.

Department of Railways & Canals, Ottawa, 4th April, 1896.

HEALTH AND HOUSEHOLD HINTS.

Milk, applied once a week with a soft cloth, freshens and preserves boots and shoes.

Canned sardines, carefully browned on a double-wire gridiron, and served with lemon, are appetizing.

Silk handkerchiefs and ribbons should be washed in salt and water, and ironed wet to obtain the best results.

Finger marks may be removed from varnished furniture by the use of a little sweet oil upon a soft rag.

For convenience in cleaning lamp chimneys nothing is better than a small sponge attached to the end of a stick.

If flatirons are rough and smoky, lay a little fine salt on a flat surface and rub them well. It will smooth them and prevent sticking.

A very good cement to fasten on lamp tops is melted alum; use as soon as cooled and the lamp will be ready for use as soon as the cement is cold.

Four quarts of spinach, one large head lettuce, one tablespoonful of butter, one teaspoonful of salt, half a teaspoonful of sugar, a slight grating of nutmeg, one teaspoonful of flour mixed with half a pint of cream or milk. Clean the spinach and lettuce and put them in a stewpan with one quart of boiling water. Boil rapidly for five minutes then turn the vegetables into a colander, and pour cold water over them. Press as much water as possible from the vegetables and then chop very fine. Put the butter in a stewpan and on the fire. Add the minced vegetables and seasonings and cook gently for fifteen minutes; then add the flour and cream and cook fifteen minutes longer.

Hot Rolls.—Sift three pints of flour in a pan; add three tablespoonfuls of butter, two eggs, a teaspoonful each of salt and sugar, and one-half cupful of yeast; make into a soft dough with sweet milk. Set in a warm place over night. Knead in the morning. Make in rolls and set to rise; when light bake in a very hot oven.

Vegetable Soup.—Two or three pounds of lean beef and salt pork mixed, one small head of cabbage, one turnip, one large onion, one small beet; boil separately from the meat. When the other vegetables are beginning to get done, add two or three potatoes. When all are done well, chop fine; chop the meat, put together and season.

Bread Omelet.—Crumble a cupful stale bread crumbs and soak them in half a teaspoonful of milk. Then beat them quite smooth and add half a teaspoonful of salt and three beaten eggs. Butter a shallow pudding dish well, pour in the mixture and bake in an oven about ten minutes; serve at once in the same dish, as it falls quickly.

Tarts.—When pies are to be made it is a good plan to make more crust than needed for present use, and bake it up in shells for tarts. Bake in the gem pans. These shells will keep quite a while in a close tin box, and are handy for emergency to heat a moment in the oven, then fill with some nice jam or jelly. They make a pretty addition to the tea table.

Remedy for Whooping Cough.—The following remedy for whooping cough was brought from Germany, and its effect in this country, has been so good that those who have used it think it marvelous. Take four large heads of garlic and boil them in a pint of water, letting the water boil down considerably. Add two tablespoonfuls of lard to the water, boil again, strain, and while hot add one teaspoonful of turpentine. It should be kept in a cold place, and used to apply under the arms, inside the hands under the knees, at the elbow joints, upon the bottom of the feet and around the neck. Heat it and rub it in well before the fire.

CONSUMPTION CURED.

An old physician, retired from practice, had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints. Having tested its wonderful curative powers in thousands of cases, and desiring to relieve human suffering, I will send free of charge to all who wish it, this receipt, in German, French or English, with full directions for preparing and using. Sent by mail, by addressing with stamp, naming this paper. W. A. NOYES, 82a Powers' Block, Rochester, N. Y.

Diffuse Help!

In this way. When you see how

Pearline has helped you, tell others and let it help them. Where a

woman is trying to do housework in the old, hard-working, rubbing way, it's actual charity to

tell her about Pearline. Perhaps she uses it for scrubbing, washing dishes, etc., but can't believe that in washing clothes it can save so much work and wear without doing harm.

Your personal experience might convince her. That would help Pearline, to be sure—but think how much more it would help her, by saving time and strength and real money. JAMES PYLE, N.Y.
