## Mercantile Summary.

NOVA SCOTIA apple growers say that the maturing crop will be the largest and best for many years. August pippins are now on the market.

JOSEPH COTE & BRO., a small tanning firm at Quebec, are in trouble, and reported to have failed. Their liabilities are small and altogether local.

THE Manitoba Liberal is of opinion that there is vast room for improvement in the way in which the Portage la Prairie Board of Trade is supported by those directly interested.

MARKS' new iron ocean steamship (the Algonquin) left Port Arthur on the 23rd ult. with upwards of 68,000 bushels of wheat aboard—the largest cargo that ever passed through the canal without lightering.

THE Grand River Plaster Co., of Paris, Ont., will establish caloine works in connection with its business at Gypsum Mines, and a large kettle is being constructed in this city capable of turning out from seventy-five to one hundred barrels of calcined plaster per day.

WE note the removal of Messrs. Hees, Anderson & Co., manufacturers of window shades in this city, to their new offices and factory, No. 258 Davenport road. The latter is a substantial building of brick 45 by 165 ft., three storeys high.

SOME years ago W. M. Cushing, a general storekeeper at Elkhorn, Man., obtained an extension and appears to have met all the payments, but only to find it necessary to again ask indulgence. With careful management it is thought that he will pull through.

IN Pembroke, Ont., Thomas Clarke, a dry goods dealer, is seeking a settlement at 75c. on the dollar, spread over fifteen months, secured. Liabilities are \$11,000, with nominal assets of \$9,800. He compromised once before, about ten years ago. In the same town B. C. Millar, general storekeeper, has made an offer of 65c. on the dollar.
