Novelties in Rattan Furniture

We are showing something really beautiful in Rattan or Reed Furniture—in artistic green and reds. There is something very catchy about the finish of each article—a style that at once enlists your attention. For something really chaste and nice these novelties in Rattan Furniture will surely please.

- Combination Double Low Chair with Table, something really odd, and the embodiment of solid comfort.
- Unique Low Chair, after the olden Gothic style.
- Card Tables, after the style of an old oak table, with four chairs that may be pushed under out of the way—very unique.
- Line of Golf Stick Holders—will be sure to interest.
