

INDUSTRY MARKET DIRECTORY

CHAPTER 1: SOURCES OF WRITTEN INFORMATION ON THE SECTOR

[This section contains basic sources of information about the sector and its sub-sectors.]

Section A: Sources of General Economic Information

[This section is intended to offer a few basic general background sources that users can refer to if they want information about the overall economy or general economic trends in the target country. Books listed must be recent. Periodicals should only be cited if they contain a general survey of the economy. Possible reports might include materials prepared by both government and the private sector.]

Published sources

- books
- periodicals
- reports

Unpublished sources

- studies and reports
- surveys

Commercial databases

Section B: Sources of Written Information Specific to the Sector

[This section should focus on any sources of written information that are specific to the sector. Periodicals would include trade journals specifically devoted to the sector.]

Published sources

- books
- periodicals and trade journals
- reports

Unpublished sources

- studies and reports
- surveys
