**Mr. McCleave:** Mr. Speaker, on a question of privilege, may I call attention to the fact that I placed a starred question on the order paper on February 17 dealing with navigational matters and information available to the captain of the *Arrow* the ship that went aground off the coast of Nova Scotia. This question has been on the order paper for more than two weeks and I think it should be answered quickly.

**Mr. Forest:** I will look into the matter.

**Mr. MacLean:** Mr. Speaker, I placed a question on the Order Paper on November 20 last which I would have asked orally but I did not want to infringe the rule and take the time of the House. It has to do with the winter ferry service between Cape Tormentine and Borden, Prince Edward Island. I wonder whether the question could be answered before the winter is over?

**Mr. Forest:** I will inquire, Mr. Speaker.
