Monday

My dear Sir Arthur:

There are many people like myself who whom you put new
heart by your public utterances; and I cannot refrain from thank-
ing you for what you said at the Cathedral yesterday. It is
only as we succeed in shaking peoples unreasoning faith in their
conventional acceptances and in breaking up the forces of the herd.
Mind that we are going to build up at last an adequate house
of life. And you surely speak without materially helping on
this great business.

Yours, with very genuine respect

Richard Roberts
