My dear Sir Arthur:

Your kindness in sending me the report on the Gill Museum & other articles & information I appreciate greatly. They give me just what I want. Does not the advance of science present us with tremendous financial problems to solve? But those who come after us will probably have as great ones of their own.

Poor Lady is very lonely, but he is immersing himself in his work. For him that is his chief refuge, as he has no immediate family to share his sorrow - How sad!

Kindest regards

Yours sincerely

P.S. Very glad to hear that you are so well. A good session to you & Lady Currie! R.A.S.
