#### Her Visit a Grand Success—Used Professor Mulveney's World Famous Cure

Mrs. M. J. Metzger, No. 524 Fourth Avenue East, Duluth, Minn., a beautiful young married lady, and her baby boy have been the guests of her aunt, who has taken great interest in her case, having advised her to come from Duluth, Minnesota, for the purpose of being relieved of a horrible tapeworm, for which she has been treated seven different times, without success. Her aunt, who is a highly-respected citizen, telephoned for Prof. Mulveney's Remedy, which was sent to her, and which she used, with most gratifying results, expelling the tapeworm, head and all, without previous starving and without causing her to be sick. They arrived in Prof. Mulveney's office on the evening of September 6th, their faces all aglow with joy and satisfaction. They had the monster which caused so much trouble, head and all, and the glad tidings of joy to convey to the Professor that the result was a grand success. They left for home half an hour later, wishing the Professor long life and continued success. Two happier people could not be found in Toronto. The tapeworm is added to PROF. MULVENEY'S wonderful collection of parasites at 167 Dundas Street, Toronto.

#### TOOK CONVULSIONS

#### A Horrid Monster Tapeworm

Toronto, Aug. 15th, 1912.  
To whom it may concern: This is to certify that we have used Prof. Mulveney's Famous Tape Worm Cure with most gratifying results. My baby, two years old, took convulsions, and we discovered she had tapeworms. I lost no time in going to Prof. Mulveney to get his cure, which we got and used, and I am pleased to say my baby was relieved of a monster tapeworm, about 20 feet long, the head and all, in about two hours, without causing her to be sick, and without previous fasting. I have great reason to be thankful, as we realize this remedy has saved baby's life. I am giving Prof. Mulveney her picture, taken a week after being relieved of this monster, which he will be able to show you. I have given him perfect liberty to use it in any way he may deem fit in order that others may learn of this wonderful remedy.  
Yours respectfully,  
Mrs. B. Brooks,

## How People Feel

### When They Have

# Tape Worm

Tape worm is bred from a parasite. This parasite is a creature male and female in one. It is of pear shape having two, four and six suckers. It lays the eggs, which are only connected together with slime. They develop and form a body, which is the worm. Each point is an individual having a sucker or mouth. The worm grows much longer than the bowels where it is located, and sometimes a whole colony of them are found, enough to fill a quart of solid food, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, and remains there to breed another. It is an internal demon, and causes its victim to suffer all the symptoms of disease imaginable. The cleverest physicians are led to believe the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for cancer of the bowels, consumption of the bowels, consumption of the lungs, chronic dyspepsia, nervous prostration, melancholia, hypochondria, hysteria, inflammation of bowels, appendicitis, and other complaints, when one or more of these internal demons were eating their lives away.  
Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the parasite as well as expelling the worm with one dose of medicine without any previous starvation. Visit his office, where he has in his possession the most wonderful collection of these death-dealing monsters in the world, which have been expelled from hundreds of people by his famous remedy, some bottles containing colonies of worms, and anyone seeing them cannot imagine how a person could possibly live with

them in his bowels. It is surprising the number of people that have them. Thousands have them and are not aware of the fact. The letters and testimonials the Professor has in his possession are enough to convince us of this alarming fact. Some of the most prominent symptoms are ravenous appetite, dizzy spells, headaches, cramps in the bowels, a feeling of something moving in the bowels, also a feeling as though something was crawling up the throat. The only certainty of having one in the system is when segments or joints are seen, which come away almost any time. They are flat, and from three-quarters of an inch to an inch long, which have often been mistaken for pin worms by those who do not know the difference. There are many other feelings of distress which would take too long to enumerate. Strange to say, some people of strong constitution have very little distress.  
Prof. Mulveney's world famous Tape Worm Exterminator is safe, sure and harmless. No starvation, no danger, is not disagreeable to take. One dose nearly always effects a cure. Further information free. Send stamped envelope or call at 167 Dundas street, Prof. R. L. Mulveney.

## TO WHOM IT MAY CONCERN:

Toronto, Oct. 18, 1913.—This is to certify I was almost a cripple from worms. I had given up all hope of ever being relieved of my trouble. I had almost lost the use of my right leg. It was almost paralyzed from a corn on my little toe, the pain was unbearable. I could not rest night or day for it. I was worn out, and as some would say, was all in. I called on Prof. Mulveney at 167 Dundas Street, got a remedy from him, followed the directions and now I am rejoicing because life now is worth living, the corns are gone and I am a new man. I have used his remedy called B'Well and Rheumatoids and can also recommend them. Take my advice if you are crippled with worms, waste no time but call on Prof. R. L. Mulveney, 167 Dundas street, Toronto, Ont. John Christie, 13 Gore St., Toronto, Ont.  
Prof. Mulveney's 3-day Corn Cure, sent by mail. Price 25c. Mothers' friend for children. Price 50c and \$1.00, it expels worms.

## Who is Prof. Mulveney?

### Ans.—Prof. Mulveney is the Proprietor of the World's Famous Tape Worm Exterminator

## He is Known All Over the World

People seek his remedies at home and abroad. The last foreign letter came from Hongkong, China. It was 81 days coming in this age of fast boats and trains. It was an inquiry about Tape Worm Cure from a man on board of ship, where eight other people were afflicted with tape worm, and he said the doctors could not relieve them of the pests. A previous foreign letter from Wansan, Corea, Japan, contained one dollar for the remedy for tape worm. It took 60 days to come, and on account of the long time it would take to communicate two or three times, the Professor sent the remedy, stating the price was \$10, and asking to kindly remit \$9 if they wished to use the remedy. Three months and a half later, Prof. Mulveney received a letter containing a postoffice order for \$9, showing that there are honorable men in all parts of the world; also showing the appreciation of his wonderful cure. Professor Mulveney has many foreign letters from England, Ireland, Austria, France, Budapest, Austria, Berlin, Germany; also from Vancouver, B.C.; St. John's, Newfoundland; Peabody, Mass.; West Jonesport, Me.; Boston, New York, and Meerut India—this letter took 30 days to come, from a gunner of the Royal Horse Artillery. He has others from Central America, one from Hamburg-America, posted on the high seas, steamship prints. This letter was three weeks on its way.

On August 9th, Prof. Mulveney received an invitation to send an exhibit to the International Health Exhibition, to be held in Vienna, Austria, in September; also an invitation to send an exhibit to the International Exhibition to be held in Paris, France, December, 1913, each guaranteeing a gold medal and diploma as a reward for his world's famous tape worm remedy. This shows also that people in foreign countries are very much interested in this great remedy. Prof. Mulveney's address is 167 Dundas Street. Send for free information.

# B'Well

## MAKES People Feel Well

### PRICE, ONE DOLLAR

B'Well Destroys Microbes and Worms, both the Visible and Invisible Enemies of Mankind. These undesirable inhabitants of the Human System being the cause of Disease, when once expelled or destroyed, Nature restores herself and Health is the result—the Blood becomes Pure and Rich, the Nerves become Strong. Worms, Parasites and Microbes create Disease. B'Well Destroys the Cause, Tones Up the System, Regulates the Stomach, Liver and Kidneys, Purifies the Blood, and is just the Remedy you require to make you feel Well. It Destroys Stomach or Pin Worms, but is not a Tape Worm exterminator. It is likely to show segments of Tape Worm, which are flat and about one-half to one inch long. In this case you will require Prof. Mulveney's World's Famous Tape Worm Exterminator. Worms are often the cause of Convulsions or Fits. Pains in the Bowels caused by them have caused some of the most learned physicians to be mistaken, and people have been operated on for Appendicitis and other Internal Troubles when one or more of these Enemies of Mankind were the cause of their pain. B'Well is composed of Roots and Herbs created by an all-wise creator for the relief of mankind. A trial of this Remedy will convince you of its wonderful Healing and Cleansing Properties. Pimples, Boils, Blotches, Foul Humors and Eruptions of the Skin disappear like a piece of ice in the sun. It is Nature's Remedy for Disease. Manufactured by Prof. R. L. Mulveney, 167 Dundas St., Toronto, Ont. Six bottles \$5.00. Can be sent by express.
