**Remarkable
Growth of the
Mutual**

For a life insurance Company there is no such a thing as old age. The older the company the more strength and energy it acquires, providing it has experienced normal and healthy development such as characterized the first half century in the life of Canada's only Mutual.

This Company was incorporated in 1868, organized in 1869 and began writing business in 1870. Its steady and consistent progress has been phenomenal.

The figures from the successive reports suggest almost limitless possibilities of expansion in the coming years.
