Funeral from the family residence, North Bay, at 2 o'clock last Monday, January 11.

Harpur, Customs Broker, McKinnon Bldg., 10 Jordan St., Toronto.

—PAPER MEN WILL WAIT.

Paper mill men, in the opinion of Mr. J. H. Weldon, president of the St. Lawrence Paper Company, are not sure how the Compensation Act will work out.

The company has many other branches in the province, and they will risk a year's trial before taking any action in regard to the new government measure.

—THE BEST THING FOR DYSPEPSIA.

WHY PEPBIN, PANCREATIN, ETC., SO FREQUENTLY FAIL.

An international specialist, whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the various causes of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pebbles and pancreatin, was just as foolish and useless as to attempt to cure a fire by throwing water on the smoke, instead of the fire. He claims, and facts seem to justify his claim, that nearly the entire of all stomach trouble is due to acidity and food fermentation; and that the only way in which to secure permanent relief is to get rid of the cause, i.e., to neutralize the acid and stop the fermentation. For this purpose the strongly recommended, and generally adopted throughout Europe of taking a teaspoonful of ordinary blue-magnesia in a little water immediately after eating, or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation, and enables the stomach to do its work in a normal manner, and thus by removing the cause, enables nature to quickly restore the normal stomach lining to its perfectly healthy, natural condition. For the convenience of travelers it may be noted that most druggists are now able to supply blue-magnesia in 5 grain tablets, or 5 of which will almost instantly remove the most violent attacks of indigestion.

## DECIDED FLARE

IN MODISH WRAPS

Opera Cloaks and Evening

Wraps Fashioned on Extravagant Lines.

COLLAR VAGARIES

Triangular Throat and Some

Effects.

With the reign of the flare a new

regime in evening wraps is beginning

and with quite a marked success.

Cloaks that once draped and swished

softly about the figure to drop here

and be caught in graceful folds there

have disappeared with the advent

of the new silhouette, and the

dainty, short and extremely wide

dance frock is covered by a wrap that

begins to flare at the shoulders and

continues to widen to the very hem.

These wraps are quite fascinating in

line, and are successfully developed

in velvet, broadcloth, brocade, silk

or heavy corduroy. The linings are

correspondingly elegant and rich

and long-haired pelts are used for collars,

cuffs and various forms of trimming.

—Black Velvet Wristlets.

With the reappearance of the frocks

of our grandmothers' time, the dainty

little wristlets of black velvet are

now fastened with quantity cut

clasp or brilliant studs.

Whether the "triangular throat" is

fanned by the devotee or not, Dame

Fashion is persistent. Her recent

hobby in waists and tailored gowns

is to startle the observer. First, the

neck is cut in the most loved point,

then at the back and sides a collar

is extended which when open presents

a normal appearance, but when caught

together the effect resulting is

unusually these collars have bands

of fur or high richness or stark effects

buttoned severely, making the

triangle below all the more conspicuous.

—This is evidently the dame's desire.

—HELPFUL HINTS GIVEN

AT WOMEN'S ART CLUB

J. G. Graham, Lectures on Applied

Art, Laying Stress on Designing Branch.

Mrs. H. S. Strathby was hostess

at the Women's Art Club, 415 Belsize

avenue, yesterday afternoon, when the

program consisted of a lecture by J. G.

Graham, on "Applied Art," piano

selections by Miss Rita Haynes and

cycle of songs contributed by Miss

Marjorie Haskins.

Mr. Graham described the influences

of art upon life and all social

conditions, explained the cause and

effect of correct treatment of artistic

properties, and laid special stress on

the importance of designing as a

branch of art. The strong and weak

points of modern architecture, of

house furnishing, and of dress, were

respectively discussed.

—MARRIED MEN FIRST.

In replying to the charge made

against the Social Service Commission

by the unemployed Tuesday, to

beach, A. W. T. Jones, who was

not given to war, Edwin Dickie, secretary,

said that the reason married

men were given the preference in

work was because they are in greater

need of money than single men. A

report is being prepared to be sent

to the board of control.

—BOY SCOUTS GIVEN

FAREWELL BANQUET

Military Officers and Scout Masters

Address Boys Going

With Second Contingent.

Members and officers of the Boy

Scouts who are leaving for the front

with the second contingent, were last

—NOTES OF WOMEN'S

WORLD.

The Women's Musical Club of Toronto

will hold its monthly meeting at the

Choral Club at their meeting this

afternoon in the Conservatory of Music,

beginning at 8 o'clock.

Dr. B. A. Falconer will speak tonight

at a meeting of the "Ladies' Committee"

at 8 o'clock, to be held in Knox

Presbyterian Church Sunday School at

8 o'clock.

The Stevens W.C.T.U. regular

meeting will be held at 8 p.m. in the

Centennial Methodist Church, Dovercourt

road.

The North Toronto W.C.T.U. will

meet in their monthly meeting at the

Church of the Holy Trinity, Church

Eglinton tonight at 8 o'clock.

Deer Park W.C.T.U. held their regular

meeting at the residence of Mrs. Bertram

Jackes, 8 Oaklands

avenue, yesterday afternoon.

Mrs. Grant Needham, organizer of the

Red Cross, addressed the Jewish

Working Girls' Club, 254 McCaul

street, last evening on the work in

which the club is very interested, and

an active supporter of all Red Cross

enterprises.

The noonday weekly prayer meet-

ings are gradually increasing in at-

tendance each week. Yesterday's

meeting, which the singing was in the

Wesley Building, Richmond street,

when many business women took part

in the service.

The Toronto Relief Society is earnestly

continuing its work.

A meeting was held in the House of

Industry yesterday afternoon when re-

ports showing work of the past month

were read.

The Q.O.R. Chapter, I.O.B.E., held

their regular working meeting at the

W.C.T.U. 559 Sherbourne street, yester-

day afternoon when a splendid day's

serving was achieved and more work

given out.

At the home of Mrs. Hughes, 1397

King street west, the Lake Shore

Branch of the Red Cross met yester-

day afternoon to discuss plans for

raising more money to carry on their

splendid work.

It was decided to take up a collection

at each of the meeting's throughout
