The polo enthusiasts who visited Woodbine Park yesterday afternoon were treated to one of the best played games seen in Toronto. The second team of the Buffalo Country Club and the Toronto Hunt Club had to go an extra period before a winner could be decided. A cool breeze blowing down the field made it faster and better game than on Tuesday, and the ponies were able to stand the strain better.

The game was to have been an eight-period affair of seven and a half minutes each, but when the time came up the score stood 3-4 all. An extra period of the full seven and a half minutes was played and Buffalo notched the winning goal after about three minutes of play.

Osborne scored Toronto's first goal after thirty seconds of play in the third period, and Marshall notched another after five minutes of very strenuous work. Buffalo again tallied and when time was up it stood 3 to 2 for the visitors.

Toronto were unable to put one thru the goal posts. This left the half-time score 4 to 3 for Toronto.

The fifth period saw no scoring, and Buffalo tallied another in the sixth, but had an 1-4 point taken in the next period. This left Toronto in the lead by a quarter point. Toronto scored and had an 1-4 point taken in the next period, also on a safety bit, leaving the score Toronto 4, Buffalo 2 1/2.

The last period started faster than any other, and Buffalo scored after a minute of play. Marshall duplicated for Toronto, and they were out half quicker, scoring two goals to the homers nothing.

In the extra period Ramsdell made the winning goal after three minutes of hard polo.

The teams lined up as follows: Toronto Hunt Club—Barton, Holland and J. E. Osborne, F. F. Hammond, 4 E. R. Marshall. Buffalo Country Club—C. Sidway, 2 C. W. Blestien, 2 R. W. Chase, 4 C. M. Ramsdell. Referee—Walker Bell.

Urbain Molmans, who rowed No. 7, reports that he injured the muscles of his stomach in the race. Experts say that the Belgian crew, the way they were not as good as Ottawa. Magdalen is fancied a lot to-morrow, and the Belgian and English rowing men say that the race will be the greatest ever witnessed. The crews are powerful and Ottawa is very hopeful.

Henley rejoices over Ottawa's vicissitudes in the rowing world. The Canadian never believed that at the practices, and the great heat prevailing led experts to believe that the Belgians would win. However, Ottawa held the Belgians till the half-mile, and when they made a spurt, the Belgians could not stand it. The Canadian says that the race at the start was hard on them, but they felt very fit, and the start they made gave courage.

BELGIANS WELL BEATEN OTTAWA CREW IN FINAL

Canadian Eight Win Grand Race at Henley from Holders of the Grand Challenge Cup.

HENLEY-ON-THAMES, July 6.—In the third heat for the Grand Challenge Cup to-day the Ottawa Rowing Club crew beat the redoubtable Belgian crew of Ghent, who won the trophy in 1908. There were thousands of spectators on the course, and the water was smooth.

The Canadians won a grand race. The crews were on practically even terms throughout until just before the starting post was reached. When the Belgians fell back beaten. The time for the race was 7:12. An oar was with 1:19 last year. The record is 7:05.

Belgians Break Down.

The Belgians went down stream first and were followed by the Canadians, to take up positions at the starting post. The water was passed over the course just then. The Belgians were overpowered as they went by. The water was smooth. At the start both stroked 42 to the minute and were level for the first 10 strokes. The Belgians then got slightly ahead, and at the quarter-mile were well in front. Then the Canadians came up and caught the Belgians at the half-mile in 3:25. The Canadians forged ahead, and outrowed the Belgians, whose stroke and No. 7 broke down. The result was received with great cheering.

Ottawa's New Favorites for the Cup.

Ottawa was new favorites for the Grand Challenge Cup for 1909. For the four years ending with 1909 the Belgians held the cup, tho they were beaten by Montreal in 1905. The victory of the Ottawas to-day, which was very popular, at least assures that the cup will stay in the empire.

Not as Good as Ottawa.

In an interview the Belgian coach admits that his crew rowed well, and the beating was a good one. Urbain Molmans, who rowed No. 7, reports that he injured the muscles of his stomach in the race. CALLS EXAMINATIONS IN MIDSUMMER 'DAMNABLE'

Kingston Standard Goes For Department of Education Without Gloves—Sheer Inhumanity.

KINGSTON, July 6.—(Special).—The department of education is vigorously raked over the coals by The Daily Standard (Independent Conservative), in a leading editorial to-day. The occasion is the holding of the departmental examinations in this city in midsummer season, despite the continued protests that have gone up from year to year against the system. The Standard, declaring that it and other papers have "written themselves black in the face" crying for reform, but without effect, goes on to say that it may be that there has not been plain enough speaking. To set at rest any doubt in the matter, however, The Standard says it will speak plainly now, and then, prefacing its remarks by the statement that "the present system is damnably, proceeds in this vigorous manner." The dates of the departmental examinations must be changed. It is midsummer madness, the holding of them now—and it is departmental madness.

Children must not be tortured by prolonging their study period into the hot weather and compelling them to write on examinations with the mercury close to the century mark.

"Parents are human. They will not forever stand this inquiry. Children also are human. They cannot do themselves justice when writing in fever heat. The Ontario Education Department will be well advised to meet the matter before public indignation forces it to move—literally takes it by the throat and cries, 'Wake up!'"

INQUEST ADJOURNED.

BEAMSVILLE, July 6.—(Special).—The body of Edna Comfort, which was taken from the reservoir last night, was removed to Buck's undertaking establishment and a jury was empaneled this morning at 6 o'clock. A postponement was taken till Tuesday evening, July 11, to procure further evidence. This morning at 10 o'clock Drs. Fairfield, Elmore and Stallwood conducted a post-mortem, but they decline to make any statement until the inquest. The mother's hat and a little wagon belonging to her son were found near the reservoir by a squad of boy scouts this afternoon.

NO FIREWORKS ALLOWED.

MONTREAL, July 6.—The building inspector has been instructed to write to S. Lacombe, secretary of the Leclerq demonstrator committee, to inform him that the use of firecrackers and other fireworks will not be permitted on the occasion of the welcome to be given the premier, Sir Wilfrid Laurier, after returning from Great Britain. A little girl lost her eyelight thru the last fireworks display and the city had to pay heavy damages.
