SIR ALAN AYLESWORTH RESIGNS Says He Needs Physical Rest and Trains ROBINETTE FOR NORTH YORK

Official Explanation Assigns His
Aural Trouble as Reason—
Hugh Guthrie and A.H. Clark
Mentioned as Possible Successors
to the Ministry of Justice.

AYLESWORTH LIKELY TO LEAVE GOVT. AT ONCE

OTTAWA, Aug. 7.—(Special.)—Sir
Alan Aylesworth is not to run in
North York. He has offered his resignation,
which has not yet been accepted,
but is to be.

The official explanation is that Sir
Alan, in addition to his aural trouble,
is suffering from neuritis and wants
a rest and treatment. He will probably
leave the government at once,
leaving T. C. Robinson to go after the
North York seat. Who will succeed the
minister of justice is not yet clear.

Hugh Guthrie of South Wellington
has been training hard for succession,
but A. H. Clarke of Windsor is also
booming up as a possibility. Mr. Clarke
has been threatening to retire and has
been restrained so far with difficulty.

Hon. B. P. Brodeur goes out and
Dr. Bland goes in some time this
week, and other matters being more
or less held up by the absence
of the governor-general. It is an-
nounced that Lord Strathcona is com-
ing to Canada this fall and will prob-
ably be here to help welcome the Duke
of Connaught in October. In the mean-
time he has reserved the submission
of his formal resignation.

A proclamation was issued to-day
calling for federal revision of the lists
in Winnipeg and Brandon, the provin-
cial revision not having taken place,
as required by law, within a year. Ot-
tawa Liberals say that Hon. Robert
Rogers had the lists fixed up for his
party purposes, and that he has been
caught napping. Mr. Rogers was in
long consultation with R. L. Borden
at Montreal to-day.

The Hon. Alan Bristol Aylesworth
was born at Newburgh in 1854. He was
the son of John Bell Aylesworth and
Catherine Bristol. Educated at New-
burgh High School and Toronto Univer-
sity College, he early showed ability
which brought him to the high office of
minister of justice, which he has just
resigned. He has been a barrister and
attorney in Ontario since 1878, and his
legal attainments caused him to be
selected as one of his majesty's coun-
sellors for the settlement of the Alaska
boundary in 1901. In 1905 he was ap-
pointed postmaster-general, and in June
of 1908 the government availed them-
selves of his legal knowledge by mak-
ing him minister of justice, a post he
has held ever since.

C. J. DOHERTY FOR ST. ANN'S
Chase Casgrain Will Again Enter Fed-
eral Politics.

MONTREAL, Aug. 7.—C. J. Doherty
was unanimously chosen as Conserva-
tive candidate for St. Ann's division at
the party convention held in Freeman's
Hall to-night. Mr. Doherty in accept-
ing the nomination made a fighting
speech, criticizing the Laurier admin-
istration and prophesying a Conserva-
tive victory.

Chase Casgrain was present at the
meeting and confirmed the rumor that
he would again enter federal politics,
also he did not say in what division
he was likely to accept the Conserva-
tive nomination.

MONTREAL, Aug. 7.—(Special.)—The
independent French vote in Quebec
is being roused up. The popular success
of the Monk-Bourassa meeting at Three
Rivers on Sunday has thrown consternation
into the Laurier ranks. They have vowed
vengeance now and to defeat Monk at all
costs. J. L. Perron, M.L.A. for Gaspé,
and a prominent Montreal barrister,
will contest the seat in Jacques Car-
rier County. An endeavor will be
made to win the English vote by show-
ing that Monk opposed English senti-
ment on the naval bill.

A little incident much commented
upon is the way the crowd got after
Richelieu, the late federal member for
Richelieu. The incident occurred at
Sorel Sunday when Mr. Lanctôt,
against whom charges were made in
parliament, was hooted by the people.
R. L. Borden is in town to-day and
expressed his confidence of success at
the polls. Mr. Borden conferred with
the Conservative leaders and also met
Hon. Robert Rogers of Manitoba, who
declared afterwards the issue in Mani-
toba would be on reciprocity and on
general policies which are before the
people of Canada.

John Boyd, who has had long affilia-
tions with Journalism and the Con-
servative party, and whose transla-
tions of French poetry into English
and other literary works are well
known, has been urged by a num-
ber of leading electors of St. Law-
rence division to present himself
as a candidate for the house of
commons in that division at
the forthcoming election. Mr. Boyd
has many friends and supporters
among the French Canadians and they
believe he would carry the divisions in
which the French Canadians vote in
large numbers. Mr. Boyd stated he would
await the action of the Conservative
convention before announcing his
decision.

Something For Every Ontario Farmer. Fireman is Rescued Under Timbers When Flaming Roof Falls

Here is a signed statement as
to Canadian live stock and recip-
rocity from H. G. Whaley of
Rice & Whaley, commission deal-
ers in cattle, hogs and sheep on
the Toronto live stock market.
They have been here for years,
have an immense trade, and are
known to every drover and cat-
tle dealer in Ontario. They also
do business in Buffalo. We want
every farmer to read this state-
ment.

It shows that the claim made
on behalf of reciprocity, that it
will give the farmer "a wider
market," and therefore, higher
prices, for his live stock, is not
true—that it is absolutely con-
trary to the facts, in so far as On-
tario is concerned. And it is with
Ontario that we are concerned.

The Ontario farmer is being ap-
pealed to to-day to vote for "reci-
procity and the wider market."
But something else is undeni-
ably true: that the only "wider
market" that the Ontario farmer
will get from reciprocity is a
"wider market of COMPETI-
TION." If the duty is taken off
all live stock from the States
entering Ontario, and reduced on
dead meat, lard, etc., as recipri-
city will do, the American farmer
will be able to invade the Cana-
dian market with his sheep, hogs,
meat, hams, bacon, etc., and un-
dersell the Canadian farmer in
his home market!

This is true, or it is not true.
We say it is true, and we speak
from the facts. Mr. Whaley says
it is true. Mr. John Harris says
it is true. So does Mr. William
Harris. So does nearly every
drover and commission man do-
ing business on the Toronto
market!

We call upon The Globe, there-
fore, to withdraw its pretension
of a better market in the States,
or to give facts that prove it, and
the names of its witnesses. If
it can't it is guilty of direct mis-
representation!

A. C. BOYCE, NOMINATED.
SAULT STE. MARIE, Ont., Aug. 7.
—(Special.)—At a packed Liberal-
Conservative convention this after-
noon, A. C. Boyce, sitting member,
was nominated to contest the riding
against C. N. Smith, who was defeated
for the provincial house last election
by W. H. Hearst. In a stirring address
Mr. Boyce outlined the policy of the
Conservative party, paying particular
attention to the reciprocity pact, which
is not popular here.

The nomination was unanimous, no
other candidate being advanced. De-
legates were present from every pol-
ling sub-division in the riding.

As a general rule, Canadian hogs sell from 15c to 25c per
cwt. lower on the American markets than our own hogs bring.
Our firm does not handle hogs, so I am not posted on the
hog market. I have had enquiries, however, lately from one or
two large firms here (Toronto), wanting to buy hogs on the
Buffalo market.

I have been handling Canadian live stock for the last twenty-
five years on both sides of the line. The above are facts just as
they exist at the present time.

Yours truly,
H. G. WHALEY.

FIRE IN HAT FACTORY

West Adelaide St. Blaze Caused Loss
of Several Thousands of Dollars.

Fire in the Toronto Hat Manu-
facturing Co., at Duncan and Adelaide-
streets, damaged that building to the
extent of \$150, and the contents suf-
fered from fire and smoke to the ex-
tent of several thousands of dollars.

The fire, which was of unknown or-
igin, was discovered by Policeman
Forbes (851) in the basement at 9.55
o'clock last night. From there it spread
to the top of the three-story building
by way of the elevator shaft. Fortu-
nately the doors at the various floors
were closed and the flames spread only
on the ground floor. It was there that
the damage to the building and stock
was done by fire. Thru the upper
floors it was a smoke damage.

Fire broke out in the factory of the
Anchor Bed Co., Wellington and Nia-
gara-streets, at 12.30 this morning,
completely destroyed stock and build-
ing, and two firemen were injured in
the fight to put out the flames.

Owing to the disorganization by the
storm of the fire alarm system, the
firemen found the flames far advanced
in their destruction of the two-story
frame building.

Firemen, Agnew, Cluff, and an-
other entered the burning struc-
ture from the alley with a line
of hose and Agnew, who was
in front, had got but 15 feet in-
side when the roof above collapsed,
falling thru the floor above and pin-
ning Agnew and Cluff, who were close
at his heels, tightly to the ground un-
der the still burning timbers.

Rushed to Agnew's Aid.
The other man escaped, but in the
confusion did not notice that the other
two were left behind. After a strenu-
ous effort, Cluff, who was the least
injured, was rescued.

Americans Dumping Sheep Into Canada

And still the Yankee sheep are coming into the Toronto
stock yards. Here's two photographs taken on Sunday of two
flocks of sheep that came in on Sunday. More are coming.
They will soon be here in thousands and thousands. First of
all, read this:

Philadelphia Saturday Evening Post: The census
bureau has issued its report on sheep. This shows that
the total number of sheep and lambs in the United
States has not increased in the last decade, and the
number of wool-producing sheep has slightly decreased.

In the north Atlantic division of states the decrease is
a million head, or forty per cent. In the south there has
been a decrease. In the north central division the num-
ber has remained stationary. In the far west there has
been an increase of a million head, three-quarters of
which occurred in Montana. Many American farmers
are going out of sheep.

Why? One reason is because if schedule K (the United
States duty on wools and woolens) is reduced—and the two
houses have already passed a bill to that effect, but which Presi-
dent Taft has yet to sign—there will be no encouragement to
the wool-grower, and he will go out of sheep, is now going out
of sheep, and it is these sheep that are now coming into Toronto,
paying \$1 a head duty. Yes, they will come in by millions under
the free entry terms of reciprocity! Millions of sheep will now
be got rid of by American farmers. Reciprocity will make
Canada the dumping ground! It just means at least a drop of
\$1 to \$2 for every sheep the Ontario farmer has to sell. There
is no "wider market" in the States for your sheep! Ask the
men who deal in sheep.

STILL THEY COME--YESTERDAY'S INVASION OF THE TORONTO STOCK YARDS BY AMERICAN SHEEP
