Men! More Great Sale Values in Clothing Today!

"Men May Come and Men May Go---But I Go On Forever"

Thus sang the little stream as blithely it wended its way down towards the sea. Now although the July Sales do not go on forever, in fact only till the end of this month, men in droves are coming and going and each and every one goes contented and as happy with the product of his purchase as the little stream was with its care-free lot. And why shouldn't they be? Take for example this:

Big Half Price Clearance of Men's and Young Men's Suits.

It is a clearance, before stock-taking, of all odd suits from the men's, young men's and two-piece summer suit sections. Why shouldn't a man be happy if he needs a good suit and can get one of these whose values are extraordinary, both by reason of the quality and the style of the clothing? There is a great variety of conservative styles and patterns in tweeds, worsteds and cassimere-finished materials, including three-piece sack models with full lined coats and two-piece summer suits with quarter or half lined coats for summer wear. The trousers are finished with belt loops and cuffs. In the lot is a goodly number of snappy models for the young man or youth just coming into his first long trouser suit. It is advisable to come early, as this lot should not last long at these remarkable prices. Sizes 31 to 44 chest measurement. Today, half price, \$6.25 to \$16.25.

TO GRIP GERMANY IN STRANGLEHOLD

Hamburg Business Men Now Largely Discourt Europa Expectations.

NOT CURE FOR ILLS

Impossible to Cover All Needs From Domestic Sources.

Amsterdam, July 17.—Those pan-Germans who dream of a complete economic independence as the result of the projected Middle Europe league are rudely awakened by Philipp Heineken, director of the North German Lloyd Steamship Company, who, in the periodical Deutsche Stimmen, publishes an article which has attracted a good deal of attention. It is Bremen, Hamburg and the other seaports where the entente strangle-hold will be the most severely felt, the director says, and the practical views of businessmen there are apt to clash with those of political schemers in Berlin.

GERMAN CITIES BOMBED.

London, July 17.—British aviators again have attacked Offenbourg, near Karlsruhe and Thionville, near Metz, says the official statement from the air ministry issued last night. Good bursts were observed at Offenbourg, and a fire, followed by explosions, was started at Thionville.

NEW GERMAN FORCES MAKE GAIN ON MARNE

Paris, July 17.—Today's French official statement says: "South of the Marne new German forces pushed forward and attacked yesterday and last evening the heights north of St. Agnan and La Chapelle-Monthodon. The enemy succeeded in penetrating into the Bourdonnerie Farm, and the battle continues with violence on the slopes and woods immediately south of this point."

ENEMY FIGHTS TO SAVE WRECKAGE OF HOPES

London, July 17.—On the second day of the crown prince's great offensive the fighting degenerated into a disjointed series of local actions, which, altho fought with the greatest bitterness, are nevertheless limited, says a despatch from Reuters correspondent at French headquarters, sent from there at 8 o'clock this morning. These local actions, he continues, have been undertaken in the hope of saving what may yet be saved from the wreck of Monday's hopes. The German push down the Marne valley may progress a few miles further before being brought to a standstill, for they are fighting hard here. But the French are posted strongly on the heights overlooking the course of the river, and it is doubtful whether serious gain can be made by the invaders.

PEACE DRIVE FAILURE LIKE ARMY'S ATTACK

Washington, July 17.—There is only one opinion in official circles here as to the note addressed by Baron von Furian, the Austro-Hungarian foreign minister, to the Austrian and Hungarian premiers on the subject of peace. That is, that this evidently carefully framed communication was designed to prepare the way for peace negotiations immediately upon the hoped-for successful conclusion of the present great German drive against the entente force along the Marne and east of Rheims.

FOOD CONDITIONS IN THE BRITISH ISLES

Ottawa, July 17.—Another striking example of the democratic growth in British public life since the outbreak of the war is the appointment of W. R. Clines to the office of food controller of Great Britain in succession to the late Lord Rhonda.

WON SEYDLER BELITTLES ALLIED PROPAGANDA

Amsterdam, July 17.—Dr. von Seydler, the Austrian premier, delivered his expected address in the lower house of the Austrian Reichsrath yesterday, says a Vienna telegram. The prime minister, the message adds, was received by the Czecha with uproarious shouts and by the Germans with loud applause.

WILL BUILD SHIPS ON A LARGE SCALE

Quebec, July 17.—A new shipbuilding concern has been formed here with a capital of \$5,000,000 and will operate one of the largest shipyards in America on the shores of the St. Lawrence opposite Quebec City. The new concern will take in a number of existing firms, among which are some Ontario companies. The new syndicate will comprise the Federal Shipbuilding Company, of Sarnia; the Dominion Shipbuilding Company of Colingwood, and Dussault and Hutchinson, of Levis.

U. S. WILL RELIEVE SCARCITY OF FODDER

Ottawa, July 17.—Arrangements have been completed by the Canada Food Board with the United States food administration by which 15,000 tons of linseed oil cake and meal will be supplied to relieve the conditions which prevail in Canada owing to the scarcity of feed and fodder.

GERMAN MASSES HELD IN FORTY-EIGHT HOURS

On the French Front in France, July 17.—Thirty-eight hours have sufficed for the holding of the German masses launched in the crown prince's great offensive on Monday. The enemy units which were turned back from the direction of Paris, and are endeavoring to ascend the Marne, are being held in check by the French troops.

TO FORM A FEDERAL POLICY FOR OBTAINING GRAIN FOR SEEDING

Regina, July 17.—Negotiations towards the formation of a federal policy to secure a sufficient supply of seed wheat and seed oats for distribution throughout the Dominion for next spring's seeding, will be under way at Ottawa within a few weeks, according to announcement today. A. E. Wilson, Dominion seed purchasing commissioner of Regina, will leave for Ottawa in a week or so to confer on the situation with Hon. T. A. Creer, minister of agriculture, and George H. Clarke, federal seed commissioner.

SENSATION IN GERMANY

Paris, July 17.—"It is perhaps too early to speak of victory," says The Echo de Paris, "but we may say that the enemy has suffered a gigantic failure, which will cause a sensation throughout Germany."

CANADIAN MOGULS DARE ALL HAZARDS

Come Thru Safely Despite Shell Fire and Congested Right of Way.

Ottawa, July 17.—Roland Hill writes from France as follows: "From Moose Jaw to Amiens is a ferry, yet during the German offensive there was an old Canadian Pacific engine which had done its duty in both places. It is still running along these new lines in France, and is entitled to a locomotive wounded stripe, for it was a casualty during the recent heavy fighting. Manned by a Canadian crew, this mogul from the prairies did consistently good work, until a fragment of shell laid it out. Now it has been thru the casualty clearing shop for engines, and is running steadily."
