# GERMAN STRIKES AIMED AT OVERTHROW OF GOVERNMENT

## GERMANY IN THROES OF RIOTOUS STRIKES

**General Cessation of Work Proclaimed in Wurtemberg—Soldiers Cow Mobs With Machine Guns and Armored Cars—Aim is to Overthrow Government.**

Stuttgart, April 2.—Proclamation of a general strike of working people throughout Wurtemberg yesterday was met by a counter-strike on the part of the bourgeoisie. Street fights developed in the afternoon, and three persons are believed to have been killed while many were injured.

The casualties occurred when a column of strikers, holding a demonstration for their demands, met a large detachment of government troops with machine guns and armored cars. The troops insisted that the strikers disperse. The strikers refused, and adopted a threatening attitude. After several warning shots, the troops fired. There was some brief hand-to-hand fighting, after which the demonstrators were driven off and order restored for the time being.

Stuttgart, however, is growing nervous. The gas and electric supplies have been shut off, and the food situation is serious.

Altho the demands of the strikers are ostensibly for the removal of martial law, the release of political prisoners and new elections for the soldiers' and workmen's councils, it is believed in government quarters that they are working systematically under the surface to bring about the downfall of the government, by which they hope to outdistance the national government. It is claimed that it is intended that the strike here shall spread to a large part of Germany.

The majority socialists have not taken a definite attitude in the situation and seemingly are divided. The independent socialists and the Spartacists are working to outdistance the majority socialists, and are permitted to appear.

Several Hundred Killed.

London, April 2.—Several hundred persons were killed in further rioting at Frankfurt-on-the-Main yesterday, according to a Copestache dispatch to the Exchange Telegraph Company. The hotels of the city were plundered during the disorders.

METAL WORKERS STRIKE.

Entire Body of Textile Workers in Cassel District is Out.

Berlin, April 2.—The Zeitung Am Mittag announces a strike in Berlin of the metal industry, in all categories and including draftsmen and foremen, numbering roughly 30,000 men.

The entire body of textile workers in the Cassel district of Westphalia has struck for higher wages.

The forces of law and order are today in the metal industry, and have placed the organization at their disposal for the prevention of disturbances.

When attempts to plunder in the Altstadt quarter were renewed prompt action resulted in the effort being nipped in the bud. Twelve of the would-be plunderers were killed. Of these dozen victims four were women.

Reports show that the strikes at Essen and Bochum have only slightly abated. Because of the cutting off of the gas supply the food kitchens in Bochum have been unable to serve any meals since noon on Tuesday.

In the riots at the Ruhr yesterday there were eleven persons killed and 25 wounded. The police have made 400 arrests in connection with the disorders, it is said. In the Ruhr basin the number of strikers is estimated at 100,000. There have been riots in Wurtemberg, according to reports.

SPARTACANS IN STUTTGART.

Large Numbers Have Entered Town in Last Few Days.

Berlin, April 2.—The Vossische Zeitung says the Stuttgart streets are filled with great crowds and that there has been much shooting. The newspaper adds that the streets are patrolled by armored motors and police and whole companies of troops.

It is officially announced, says the newspaper, that a large number of Spartacans from outside have entered the town in the last few days, but that the government is master of the situation.

A collision occurred at Eisingen, six miles southeast of Stuttgart, where a company of police was attacked with grenades. Several persons were killed or wounded. The supply is greatly endangered, according to the Vossische Zeitung.

## WHITE, IN COMMONS, SAYS BANK MERGERS STRENGTHEN CANADA

Resolution by Lemieux, Asking for Bank Amalgamation Facts, is Passed.

### FIELDING WARNS

Points Out There is a Growing Feeling Against a "Money Trust."

Special to The Toronto World. Ottawa, April 2.—The banking question came up for discussion in the house of commons this afternoon. It arose upon a resolution proposed by Hon. Rodolphe Lemieux for correspondence and other information respecting bank mergers since 1911. He frankly admitted that the motion was prompted by the popular feeling in the city of Ottawa and other parts of the country against the recent amalgamation between the Bank of Nova Scotia and the Bank of Ontario.

Sir Thomas White defended the Nova Scotia-Ontario amalgamation. He explained that the Bank of Ontario had to choose between establishing a number of branches in the west or being absorbed by another bank. He pointed out that the Bank of Nova Scotia and the Bank of Ontario were competing in the same territory and had few overlapping branches. Incidentally he defended the bank mergers that have occurred since 1911, and said that the financial position of the country would be strengthened by having strong banks with large resources that would be able to serve the commercial interests of the country during the reconstruction period and finance our export trade.

Fielding Gives Warning. Hon. W. S. Fielding had no personal objection to bank mergers, but he warned the government that the majority of our people had, and that the growing feeling in the country was partly due to the fear of a "money trust." He cautioned the finance minister to be more than ever careful about anything that might lead to a "money trust" in the future, and almost went to the length of proposing that choice butchers, \$13.50;
