Feeling Poorly?

That's often the case this time of year. Hardly sick enough to have a doctor, yet miserable all the time.

Of course, if you are right hard sick, you should call your physician at once. Even now that you are only half sick, why not ask him about your taking Ayer's Sarsaparilla this spring?

He knows it's the strongest, safest, purest, and best Sarsaparilla you can buy, and he will probably tell you that for general debility and nerve exhaustion it is the best thing you can take.
