

ANNUAL REPORT

OF THE

Ladies' Visiting and Aid Society.

This Society has been in vigorous operation during the working session under the presidency of Mrs. (Rev.) Mackay.

A number of families and individuals were visited in the early part of the season, and those considered needy and deserving, relieved. The cases connected with our Church have numbered twelve.

As usual a donation of clothing and ten dollars were voted to Nazareth Street Mission Sabbath School. The sum of ten dollars was also given towards the Ladies' French Evangelization Society's work, and sixteen dollars to the French Protestant Mission in Namur.

The members of the Society desire to return thanks to the Congregation for their usual willing contributions, which have enabled them to carry on this work. These have been given not only in money, but ready-made clothing and flannel.

The amount collected in all, this year, has been \$122.50.

Another branch of our work has been the visiting of the aged, the infirm, &c. The ladies have cheerfully engaged in this labor of love, and we trust have been blessed by it themselves, as well as being the humble instruments of carrying comfort to others.

In connection with this Society for the past two months, a pleasant and profitable Bible Reading, conducted by Mrs.
