Most Complete Representation of Western

Liberalism Gathered at Winnipeg To Dis-

Winnipeg, Aug. 7.-It was considerably after 10 o'clock when the Liberal convention was called to order this morning by Hon. T. C. Norris, premier of Manitoba, acting as temporary chairman. The hall was well filled and the score or so of women delegates were early on

At 10:30, Premier Brewster of British Columbia announced the convention would proceed with the work of organization. The convention, he believed, represented the very broadest Canadianism, and he thought it was fitting that as temporary chairman there should be one who had done so much for western Liberalism, Hon. T. C. Norris.

A COMPLETE REPRESENTATION. Mr. Norris said the convention was one of representative thought. Only three or four members of the four western provincial governments were absent, and it was almost impossible to get any more complete representation from the provinces.

We expect something from this convention," he "Consider that you are present to discuss the in terests of Canada.

"There had never been a time in the history of Canada when Canada required service of such a high order as was the case today. The convention was not called for merely partisan purposes, and while they represented the west there was no prejudice against Eastern Canada.

MUST NOT BE PARTISAN. They must have 'Canada at large' at heart. If they started in with the idea not to be partisan or sectional, then they were on the right basis. The House of Commons was standing still in order to watch this convention, and the whole of the dominion looked to the west for a lead. He predicted that this will be the hub where the business

"There has never been a time in the history of Canada when there was such demand for unity. The spirit of 'Win the War' is covering all Western Canada. There will be no difference of opinion as to that, though there may be as to the measures which should be taken. I have found nobody who wants to quit.

"If ever there was a debt that every Canadian owes it is the debt he owes to the soldier who has given his life. Let us pass over sectionalism; don't let our party feelings run too wide."
