90 Per Cent of Italians Who Would Emigrate Are Farm Workers.

Milan, Dec. 13.—Three million Italians are awaiting visas and transportation to America. United States consulates throughout the country are overwhelmed with work, and the lines of those desiring to purchase steamship tickets stretch for blocks outside the principal agencies, on days when steamship and third-class tickets are put on sale.

In relation to the population the greatest number of these are from Sicily. The consulate at Palermo is overwhelmed with work, and the lines of those desiring to purchase steamship tickets stretch for blocks outside the principal agencies, on days when steamship and third-class tickets are put on sale.

Mostly Farm Laborers. Practically 90 per cent of those desiring to go to America are agricultural laborers. The consulate at Palermo is overwhelmed with work, and the lines of those desiring to purchase steamship tickets stretch for blocks outside the principal agencies, on days when steamship and third-class tickets are put on sale.

Since January 1, 1920, they have transported approximately 600,000 Italians, most of whom went to the United States, other countries to South America, Africa and Europe. All steamship accommodations have been reserved from now until the late spring. Accordingly the consulates will refuse visas until such time as further reservations are possible.

On the request of the Socialists the Government is now discussing several important measures for emigrant control. The nature of these proposals cannot be disclosed to the public, but it is understood that the Government is not to be dissatisfied by the fact that the immigrants would not be able to transport to the new country and that they should be kept in Italy in thought, tongue and character.

## ALFONSO SPONSORS LATIN UNION IN S. A.

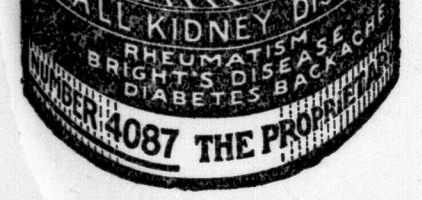

Sovereign Will Sit at Buenos Aires to Create Entente.

Santiago, Dec. 13.—Dispatches from Madrid state that King Alfonso has agreed to the proposal of a South American union under his patronage. He will visit South America in the spring, accompanied by a large fleet. Buenos Aires has been selected as his headquarters.

It is announced that "the king expects to meet representatives of the South American republics at Buenos Aires for the purpose of creating an entente of the Spanish-speaking republics, so that they may be enabled to exercise common action on all future diplomatic relations."

A majority of the Spanish ministers credited to Spanish cabinet are now at Madrid for consultation. The announcements conclude with the statement that the king's visit is not exclusively political, but also has a financial and commercial character.

A Spanish-Italian understanding was reached yesterday for President Trovati's foreign policy, as his Government has been working toward this end for three years.

night in the Lexington Theatre. Two thousand delegates who could not get inside the building held a meeting outside.

Dr. Patrick McCartan "envoy" of the "Irish" movement, announced that a new movement for Irish relief would be started today, when 50,000 Irish women would campaign the houses and streets of the city for funds. He said it was planned to carry out a system of relief in Ireland along the lines established by the Red Cross.

SEVERAL BLOCKS DESTROYED. DUBLIN, Dec. 12.—Several blocks of buildings in the business district of Cork were destroyed by fire during the night, constituting the greatest destruction of property since the reprisals began in Ireland.

A group of public buildings on Albert Quay, including the city hall, Carnegie library and a portion of the corn exchange, were also burned, as well as private residences in various parts of the city. Early estimates place the damage between \$250,000 and \$300,000.

The fire extended from St. Patrick street to Cook street to Maylor street and swept entire rows of buildings on both sides of Westinthrop street, leaving St. Patrick street to Old George's street.

It was reported from Cork yesterday afternoon that newly-arrived parties of auxiliary cadets marched through the streets holding up and scolding pedestrians and firing into the air, following the ambush of auxiliaries within half a mile of the barracks, twelve of them being wounded by a bomb thrown from a lorry.

Between 7 and 8 o'clock a period of intense quiet fell on the city, but near 8 o'clock uniformed men began to display great activity in various parts of Cork. At some points trams were held up and passengers taken out.

It was reported that several were beaten, and others placed against the wall and served from now until the late spring. Accordingly the consulates will refuse visas until such time as further reservations are possible.

In the Summer Hill district, the scene of the ambush, shortly after 8 o'clock, two brothers named Delaney are reported to have been taken from their homes and shot one subsequently dying. During the hour before curfew trams were held up, and when the streets were quiet, the explosions again began, as persons who ventured to look from their windows saw fires break out in the city.

Lives Have Been Lost. It is impossible to say how many lives have been lost in the fire; already several persons connected with the destroyed buildings and business have been reported missing.

At 4 o'clock this afternoon people were being urged to venture again into the streets; the whole city was in a state of confusion, and it is understood that the fire had not been completely extinguished.

The troops are in full fighting order, and the city is being guarded at all points. Only one large drapery establishment is left intact in Cork.

It is announced that "the king expects to meet representatives of the South American republics at Buenos Aires for the purpose of creating an entente of the Spanish-speaking republics, so that they may be enabled to exercise common action on all future diplomatic relations."

A majority of the Spanish ministers credited to Spanish cabinet are now at Madrid for consultation. The announcements conclude with the statement that the king's visit is not exclusively political, but also has a financial and commercial character.

A Spanish-Italian understanding was reached yesterday for President Trovati's foreign policy, as his Government has been working toward this end for three years.

The destroyed city hall in Cork was only one of the many buildings destroyed by Belfast's great civil building, which was the third time it had been set on fire. The fire had been set on fire by Belfast's great civil building, which was the third time it had been set on fire.

Three civilians taken from homes and are shot dead. DUBLIN, Dec. 12.—The central portion of the city of Cork had been burned to the ground and other portions of the city are ablaze. The destruction followed an ambush of the military at Pilon's Cross Saturday night, in which four persons were killed and many wounded.

Three civilians were taken from their homes and shot dead after the ambush of the military. Then the fire started. There were bomb explosions and firing also was heard. The population is panic-stricken.

The municipal buildings, the Carnegie library and the corn exchange, which cover a large area, have been consumed by the flames, which are so hot at places that passing trams have been set on fire.

IRISH FORCES TO DEAL SUMMARILY WITH MURDER GANGS. DUBLIN, Dec. 12.—A proclamation declaring that "the public must at once realize that Ireland is in a state of war with forces of the British crown has been issued over the signature of the officer commanding troops of the British Government in Ireland."

The proclamation, which sets forth that armed gangs in County Monaghan have been attacking and murdering Irishmen, says that "while we extend the offer of friendship to all Irishmen, murder gangs and their guides and informers shall be summarily dealt with."

The proclamation further explains recent attacks and says that the County Monaghan by stating that they were ordered in anticipation of a military order by the British Government.

FIRE HOSE WAS CUT RENDERED USELESS. BELFAST, Dec. 12.—A dispatch received here from Cork says that the fire hose was cut, rendering useless the efforts of the firemen. Two acres soon became a furnace; the front walls of houses were blown out by the bombs. The great block between Maylor street and Westinthrop street was still burning Sunday afternoon, the fire eating its way backward.

TWELVE POLICE WOUNDED BY BOMBS. DUBLIN, Dec. 12.—Twelve auxiliary police cadets were wounded last night in an ambush at Cork within half a mile of the barracks by bombs thrown from a lorry, according to official announcement. The auxiliary police were on duty at the barracks when the lorry was fired at.

At Shankill, near Dublin, during a riot yesterday, the military and police were ranged against a wall with hands raised for the purpose of identification. William Owens, a clerk, was shot dead by some unknown person, from the outside.

## FINANCIAL AND COMMERCIAL

HAY SELLING AT \$25 PER TON ON LOCAL MARKET

Turkeys and Potatoes Lower in Price—Good Demand for Straw.

HAY was the feature of a small and slow local market this morning. The 80 loads sold in the city last week somewhat alleviated the demands and prices were slightly lower this morning. Although there were only six loads sold up to 10 o'clock today, the price fell to \$25 per ton. The top quotation is \$25 per ton, but the majority of the loads sold today at the low price.

With the heavy supplies and the poor demand potatoes fell to \$1.75 per bag wholesale on Saturday and \$2 per bag retail. Last week potatoes were offered in very large quantities, and this eased the demand in the city to a great extent. Officials say that they will continue to go lower from now on.

Although turkeys were scarce at the market on Saturday, the prices were a little lower. Retail dressed, they brought from \$2 to \$2.50 per pound. The former quotation was \$2.50 per pound. Reports were in circulation that they were selling for as low as \$1.50 per pound, but these were unofficial. Dressed ducks brought from \$2 to \$2.50 per pound, and from \$2 to \$2.50 per pound, alive, wholesale. The latter was a little easier.

Hindquarters of pork sold for 24c and \$25 per pound, and fronts brought \$1.50 per pound. Live and dressed hogs did not appear today. Buyers said they would pay from \$12.50 to \$13.50 for live hogs, and from \$13.50 to \$14.50 for dressed. The price of straw brought the top price up to \$1.50 per ton. This price is paid for wheat straw, and \$1.25 per ton for oat straw.
