CATHEDRAL DEDICATED

St. Dunstan's, at Charlottetown
Dedicated This Morning With
Due Ceremony.

CHARLOTTETOWN, P. E. I., Sept.
12 (Special).—The dedication ceremonies
of St. Dunstan's cathedral began at 10 a.
m., and were performed by His Lordship
the Bishop of Charlottetown, assisted by
Rev. Dr. Curran as high priest, J. B.
McIntyre as deacon, M. Smith archdeacon,
and Theo. Gallant and Bernard Mc-
Donald as deacons of honor.

The ceremony began by the bishop and
clergy encircling the building outside,
reading psalms and canticles and sprink-
ling the foundation with holy water, the
same was done inside and then the peo-
ple, of whom there was an immense
throng, were permitted to enter. Pontifi-
cal mass was celebrated. The dedication
sermon, which was able and eloquent,
was preached by Rev. J. M. Leonard, of
St. Paul's, a native of this province. In
concluding the bishop imparted the pontifi-
cal blessing, and accorded the usual
indulgences. There were present from
New Brunswick, the Bishop of Chatham,
Very Rev. W. F. Chapman, St. John's;
Rev. Dr. Gurin, St. Joseph's College,
Memramook; Rev. Dr. O'Leary, Chat-
ham; Rev. E. Savage, Moncton; Rev. E.
Drake, St. John's. Bishop McDonald
entertained the visiting clergy at dinner
at 1 p. m. at St. Joseph's convent.

WEDDINGS

Hannington-Willett

MONCTON, Sept. 12.—(Special).—A very
pretty wedding took place in St. Paul's
Reformed Episcopal church when Miss
Mary Willett, daughter of George B. Wil-
lett, of this city, was married to Charles
Lionel, son of Judge Hannington, of Dor-
chester.

The church had been very prettily de-
corated for the occasion, and the pastor,
Rev. J. Eastburn Brown, tied the nuptial
knot in the presence of only the immedi-
ate friends and relatives of the contract-
ing parties. The bride was becomingly
gowned in white tulle, over silk, with
white picture hat and plumes. The page
was little Arthur Baldwin, and the flower
girl little Dorothy Teed, daughter of Mr.
and Mrs. M. G. Teed. The ushers were
Herbert Wood, son of Senator Wood, of
Sackville; Roy Sumner, of this city; Mr.
Keer, of New Brunswick, and George Pay-
rant, of Payrart & Carl, Dorchester. At
the conclusion of the ceremony luncheon
was served at the bride's home, Church
street. The bride's gown was of
willow green broadcloth with hat to
match.

There were many beautiful gifts to the
young couple, who are well known and
popular in Moncton society. The groom's
gift to the bride was a piano and a pearl
necklace and bracelet.

A MONTREAL VIEW OF MILK QUESTION

The Montreal Star Cannot See
the Justice in Charging Ten
Cents per Quart for Milk.

(Montreal Star.)

The announcement that the milk dealers
of Montreal are about to raise the price
of milk to ten cents a quart, will be very
bad news in many a home where the bill
for baby's food and the main stay of the
breakfast table, is quite a considerable
item. The reason given for the increase in
price is the scarcity and costliness of fod-
der. It costs more to produce the milk.
We are told; and so it is only right that
the consumers of milk should pay more
for it.

With this argument the milk consumers
will not quarrel, provided it be proven
to be well-founded. But the facts in the
case seem to run upon them very directly
the burden of the proof. Other cities
which are in our class, are paying much
less for milk than it is proposed to tax
us for. Presumably fodder is not very
much scarcer or dearer in this agricultural
province than in the districts surrounding
these other Canadian and American cities;
and hence it ought to be no more costly
to produce milk for us than for them.

If the milk dealers have facts in their
possession which establish the contrary,
they ought to produce them. We are pub-
lishing today special dispatches from a
number of these cities showing that the
milk situation in each of them does not
even suggest an increase to the figure with
which we are threatened. Yet they talk of
dear fodder. Their prices of milk, how-
ever, make an interesting exhibit when
compared with the proposed rise to ten
cents a quart here.

Toronto—7 to 8 cents a quart
Halifax—7 cents.
St. John—7 cents.
Rochester—8 cents.
Boston—9 cents.
Cleveland—7 cents.
Buffalo—7 cents.

Now there is no desire on anybody's
part to drive the milk of Mont-
real into bankruptcy. We want them to
get enough money for their milk to enable
them to give us pure clean milk at a rea-
sonable profit. But they will see at once
that they cannot expect to gain the con-
sent of the milk consumers of the city to
such an increase unless they bring con-
vincing evidence to show that they are
much worse off in the matter of fodder
than the milk producers of 347 us say—
the Toronto district. Now the prices for
hay quoted in Toronto and in Montreal
do not differ very strikingly at the pre-
sent moment; and it is hard for the out-
sider to understand why there should be
such a difference in the value of the "man-
ufactured product."

An increase in the price of milk, retail-
ed at the doors of our homes, is no light
thing. It is an addition to the cost of a
necessity of life, especially with the very
young, the sick and the poor. There are
many people who can much better get
along without meat than without milk;
and they are frequently people to whom an
increase in the milk bill will be a very seri-
ous matter.
