IRREGULAR TREND OF MARKET PRICES IN MONTREAL

TRADING FAIRLY ACTIVE WITH BRAZILIAN UP

Power Loses One-Quarter Point With Shawinigan Unchanged

WALL STREET SHOWING ONLY SMALL CHANGES

Traders Move Cautiously—Demand for General Motors and Bethlehem Steel

MONTREAL, Sept. 16.—Stock prices revealed an irregular trend at the opening of the local stock exchange this morning. Trading was only fairly active. Brazilian, the leader in point of activity, was strong at 116¼, up three-quarters point. Breweries sold down a quarter at 70, Shawinigan opened unchanged at 221¼. Steamships Preferred moved forward five-eighths to 88⅝; Price Bros. came out unchanged at 100, while Power (new) lost a quarter at 72. Albitibi opened unchanged at 97.

IN NEW YORK.

NEW YORK, Sept. 16—Opening stock prices today revealed only narrow changes, with the market on the whole developing a somewhat firmer tone. Pending more definite news on business and money conditions, traders moved cautiously, but a fair demand was in evidence for General Motors, Bethlehem Steel, Cudahy Packing and other representative industrials.

Morning Stock Letter

NEW YORK, Sept. 16—The market met the usual week-end selling yesterday on the same old rumor of an increase in the rediscount rate. The violence of selling was so great that it could be attributed to nothing else than professional efforts. On the surface conditions seem to show no change. The traffic figures are good and earnings of most companies continue at a high rate. In a few respects, however, there has been some change for the worse. We look today for an irregular market and believe that on breaks a few stocks may be bought. We believe, however, that great discrimination should be used. We think General Motors can be bought on any soft spot and that Bethlehem Steel is also a good purchase. Dupont is in the same class with GMO. Warner Bros. Pictures, after a sharp decline early in the afternoon, recovered again towards the close, and with the show having opened in Chicago last night, we would not be surprised at some public buying in it. We look for the stock to move upward again to a possible new high, but on any strength we would now get out of any long Warner stock, which is not held for the very long pull. Good rails like Central, Atchison, Southern, C. and O. can be bought on any breaks today for a turn. Generally, however, we would confine ourselves to only the very best stocks as the market is in none too good a position. The companies whose stocks we have been recommending all are earning a great deal of money and this factor, together with the belief that the public is not nearly so heavily involved in stocks as it was early this year, keeps us generally bullish. But stocks are high, and while we look for further rallies, we would certainly cut down commitments on all doubtful issues and confine commitments to the very best issues.

We think nearly all the stocks we have recommended lately are in this class.

LIVINGSTON & CO.

WOULD BE FEMININE FAIRBANKS

Although Mlle. Marie Therese Mathys, above, star of the films in France, is usually cast in tragic roles she is athletically inclined and is training daily to emulate Douglas Fairbanks in a strenuous role of that type.

U. S. SENATOR IN PRAISE OF BRITAIN

Says French Desecrate Graves of American Dead and want Bodies Removed

WASHINGTON, Sept. 16—Senator Caraway of Arkansas, who returned to Washington after several months in Europe, said that so intense has French hatred of this country become that they do not hesitate to insult the 30,000 American World War dead who rest in French soil. He favors Congress appropriating enough money to bring the bodies of all these soldiers back to the United States, but he has not much hope that Congress will do this.

French hates Britain, Senator Caraway declared, almost as much as she does the United States.

Senator Caraway also said that France is flirting with Germany and that her hatred of Britain is not much less than the dislike she entertains for the United States.

"In England," said Senator Caraway, "I heard not one single direspectful word uttered by any person, in high or low station, against the United States. In France they are prosperous, but it's different on the other side of the Channel, where the British have the most acute unemployment problem in history and are taxed to the limit, and all this in addition to having recently weathered a general strike of nation-wide proportions.

SAYS ENGLISH WONDERFUL

"The English are a wonderful people. England is a nation of dead-game sports; a people that don't even know how to whine. They have been subjected to some propaganda, but it did not take. Of course, they discuss issues and situations involving their own and our country, but they do so in a proper, or I might say a philosophical, way. It's a wholesome thing to study, the ways of these Englishmen, who take their medicine and don't wail."

Since France has failed to ratify the Franco-American debt settlement, Senator Caraway said he would favor breaking off negotiations and the service on France of notice that she either pay 100 cents on the dollar or else refuse payment and stand before the world a confessed "repudiator of honest debts."

The Panama Canal Zone has an area of 474 square miles.

Pennsylvania leads all other states in production of bituminous coal.

Shipping

PORT OF SAINT JOHN

Arrived

Thursday, Sept. 16.

S. S. Huntsmanworth, 1435, Blacklock, from Montreal, via Sydney.

Cleared

Thursday, Sept. 16.

Coastwise—Stmrs. Empress, 612, McDonald, for Digby; Disco, 51, Lewis, for Digby; Grace Hankinson, 59, Powell, for Weymouth; schr. Viola Pearl, 23, Wadlin, for Beaver Harbor.

WOMAN KILLED, HUSBAND HURT.

HARRISON, Ont., Sept. 16—Mrs. Andrew McDonald, of Elora, Ont., was killed, and her husband, Andrew McDonald, was seriously injured when their motor car was struck by a passenger train at a level crossing north of here. They were motoring from Elora to Teeswater when the accident happened.

SEIZED SCHOONER UP FOR AUCTION

American Vessel "Jadique" Under Hammer at Canso on September 30

HALIFAX, N. S., Sept. 16—The American schooner Judique, which was seized by the Canadian Customs at Canso several months ago, for violating the customs and fisheries protection act of Canada, will be sold at public auction at Canso on September 30. The schooner is now at Canso.

The order for her sale, together with her cargo, furniture, stores and equipment, was granted by the exchequer court of Canada at Halifax on the 13th of August, last. The Judique was seized for saving shipped men in Nova Scotia ports contrary to the regulations preventing American vessels from obtaining supplies and crews in Canadian ports.

SECRET TRAINING RUMORS SPREAD

Growing Suspicion That Dempsey Has Been Fooling Sport Public

ATLANTIC CITY, N. J., Sept. 16—A growing suspicion that Jack Dempsey has been fooling not only the public, but a large corps of newspaper experts is beginning to exist here today.

The experts are becoming certain that the world's heavyweight champion has been concealing a whole lot of heavy work behind the barrage of his demonstrations at the dog racing track. The ease with which Dempsey works before the public here, is contrary to all precedent and adds weight to the rumor that the heavy batting practice is being done in very private sessions, presumably during the mornings, with big Bill Tate, the negro heavyweight.

Another thing which adds color to it, is the fact that Dempsey yesterday reversed his decision to close the gates to newspapermen after today's workout.

He decided to allow them to see all he has to offer and abandoned the idea of strictly private training. Dempsey, in making the announcement, said that only on next Tuesday would his workout be in strict privacy.

Regardless of the rumors of secret training, Dempsey says he is in fighting shape and predicts a knockout victory over Gene Tunney in their championship battle in Philadelphia a week from tonight.

LAWSUIT FOR $1.38.

TORONTO, Sept. 16—A lawsuit for $1.38, defended on the ground that the actual amount owing to the plaintiff was only 78 cents, was a feature of Division Court sitting, and drew forth a mild protest from Judge Morson against the parties bringing such "lilliputian litigation" before him.

The plaintiff was W. Briskin, butcher, and the defendant Mrs. D. Brown, and His Honor, finding that the claim was correct, ordered the defendant to pay the bill.

Religious Refugees Enter Without Test

NEW YORK, Sept. 16—Under a new ruling by the Secretary of Labor refugees from religious persecution can be exempted from the literacy test in applying for admission to the United States, according to Max J. Kohler, a lawyer. Mrs. Szejwa Waldman and her three daughters arrived in the United States in August, 1922, having escaped from Proskurew in the Ukraine at the end of 1920. Before leaving Proskurew they had lived through pogroms in which 1,200 Jews were slain, among them 25 immediate relatives. The case finally was carried to the United States Supreme Court which directed the Secretary of Labor to pass on the question of whether or not the Waldmans were fugitives from religious persecution before a literacy test was authorized. The secretary finally decided in favor of Mrs. Waldman but directed that the youngest daughter be required to give a bond against becoming a public charge and that she would continue her schooling until she was sixteen years old.

668 Bottles of Beer Seized In Toronto

TORONTO, Sept. 16—Tied up in bags and loaded on a truck, 668 bottles of beer were seized on a downtown street here by two plainclothesmen of the Toronto police department. Ross Thompson, 30, the driver of the truck, was arrested and charged with transporting contrary to the Ontario Temperance Act. Chief Crown Attorney Armour instructed the police to issue a summons against the brewery that made the beer and the owner of the truck.

REPUTED SLAYER OF FIVE PUT ON TRIAL

Desperado Faces Bar on Charge of Killing Deputy Sheriff in Mississippi

LEAKESVILLE, Miss., Sept. 16.—Kinnie Wagner, a notorious jail-breaker and alleged slayer of five men, is on trial here on a charge of murdering Murdock McIntosh, a Greene county, deputy sheriff.

The state is expected to contend that Wagner shot and fatally wounded McIntosh on December 24, 1924, when the officer attempted to remove him from a house where he had hidden to escape arrest for jail breaking. He had been arrested on a charge of larceny. Wagner was born in Gate City, Va., more than 25 years ago. He ran away from home when 14 years old and several years later joined a circus, performing as a pistol and rifle expert.

Hubert Webb and John Smith, Kingsport officers, attempted to arrest Wagner on April 13, 1925. They died after being riddled with bullets. Another officer was severely injured. Wagner was convicted of killing the officers and was sentenced to be electrocuted. While awaiting a new trial he escaped from jail.

The latest deaths attributed to Wagner occurred in Texarkana, Ark., last August 17. Sam and Will Carper were slain and Bob Carper, their brother, was wounded. A day later Wagner surrendered to Sheriff Lillie Barber, in Texarkana.

Movies Being Used To Teach In Schools

ROCHESTER, N. Y., Sept. 16—Dr. Thomas E. Finegan, former Pennsylvania superintendent of public instruction, has assumed the directorship of the Eastman Kodak Company's teaching experiment with classroom films, which has been organized as an initial program in 10 key cities of the country, to start this fall. Under Dr. Finegan's directorship, work will be speeded up on the production of films for the study of geography, health and hygiene, civics, fine and practical arts and general science for the fourth, fifth and sixth grades and the junior high schools in the 10 following cities: Rochester, Detroit, Chicago, Kansas City, Denver, Los Angeles, New York, Newton, Mass., Atlanta and Winston-Salem, N. S.

A fire has been burning for 67 years in the Summit Hill coal mine in Pennsylvania. Engineers estimate that it has consumed 14,000,000 tons of coal. More than $3,000,000 has been spent in fighting it.

SAVE THE SURFACE
Save the surface and you save all: Paint & Varnish
SAVE THE SURFACE CAMPAIGN
601 Keefer Building - - Montreal
Subscribed to by Paint, Varnish and Allied Interests
IF a house showing paint neglect knocks hundreds of dollars off the value of its neighbors, what a tumbling price must be its own! There goes capital as surely as though invested in a "salted" mine. ¶ The price of timber is staying up we're told—repairs are costly. A film of tough, weather-proof paint here, of varnish there, keeps a house always in the market, ready to exchange for cash—keeps it bright, cheery, ever beautiful. If you have the *place* this fall is the *time*—to paint!
