

## VALUED GIFTS REACH MUSEUM

Sword of Days of Cromwell Presented to Natural History Society

Family Heirloom From W. G. Rothwell—Other Donations Also Are of Interest

An old sword, used in 1641 in the great Irish revolution of the time of Oliver Cromwell, which still has blood-stains on its blade, has been presented to the Natural History Society by W. G. Rothwell, of Lancaster Avenue. The sword has been a family heirloom and it was an ancestor of Mr. Rothwell who carried and used the weapon in those stirring days of that revolution.

The sword blade is 40 inches in length and double edged. At its widest it is one inch and it tapers to a leather scabbard has brass mountings, very sharp point. The hilt of steel flagstone work is very handsome and the In the seventeenth century such swords were worn as part of the ordinary dress of a gentleman and were generally worn at almost right angles to the body and had the effect of keeping the wide short cape of their wearers spread out almost to the full extent of its ample folds.

### 40 INCHES IN LENGTH

With the sword Mr. Rothwell has presented an old canon ball which was found at the Nii D'Aigle fort on the Saint John River and was very probably part of the ammunition of the first English soldiers in that locality.

An anonymous donor has presented a gold ring set with a circle of black garnets in the centre of which is some human hair in a tiny glass frame. The ring was once owned by Thomas Edward Grinden.

Mrs. Manning and Miss Emily Spragg have presented old coins for the museum collection and Miss Adrian L. Hunt has given a portion of chocolate which was part of Queen Victoria's Christmas gift for a soldier in the South African war in 1899. The Queen sent chocolates to all the soldiers fighting at that time.

The six volumes of "Canada in the Great War" by various authorities, a very nicely bound edition, have been presented to the society by the first C. F. A. through Sergt. E. J. Pudis and were donated in the memory of the old comrades of the givers in the Canadian Artillery who made the supreme sacrifice in the Great War. The accompanying note states that the books are given in the name of the Red Chevron men of the first contingent, of the 3rd New Brunswick Regiment of Artillery.

A very useful and welcome gift is a fine large show case with mirror, which has been presented to the society by F. E. Holman.

### MARINE ROOM.

Two gifts that will be placed in the marine room are a very neatly made model of a steam yacht of the period

## All Gould Hydro Interests In Maine About to Be Sold To Chicago Man, Report Says

PRESQUE ISLE, Me., Dec. 3.—Negotiations are reported practically completed for the sale of the entire Arthur R. Gould and associated holdings in the hydro electric properties in Northern Maine, including the Aroostook Valley Electric Railroad to Col. Albert Pierce, of Chicago, independent owner of several western companies. The Gould holdings include several hydro electric plants and light and power lines serving numerous Aroostook towns.

of 1885 which was made and presented by Gilbert E. Ring and a photograph of the Moama which was the last vessel built at Black River in 1901. The ship is shown in the photograph just ready for launching. She was built by J. and R. McLeod, one of whom was her captain.

A copy of the directory for Saint John and the Parish of Portland in 1863-64 containing also the New Brunswick Almanac and much interesting data concerning the city and province of that time has been presented by C. B. Lockhart and has a great deal of very interesting information.

### SUBSTANTIAL GIFT.

The Ladies' Auxiliary of the Alexandra Temple of Honor last night presented the sum of \$100 to the Temple to go towards the payment of the debt on the Temple building. Mrs. W. F. Roberts, president of the auxiliary, presented the gift and Chief Templar Geo. Green accepted it most gratefully on behalf of the Temple members. The members of the Temple and of the auxiliary met together in the Temple building for an informal entertainment and enjoyed music and social intercourse and the ladies served refreshments.

## Longer Battery Life

THE outstanding characteristic of Eveready Radio Batteries is their long life and consequent economy in battery cost.

Eveready Radio Batteries represent thirty years of experience in making batteries. Since the inception of Radio, Eveready Engineers and Laboratory staff have worked constantly in developing the batteries which will give the radio user the most value for his expenditure.

There are Eveready Radio Batteries for every Radio use. Your radio dealer will gladly supply you.

### "I Was in a Habit Rut."

"I had always used a safety razor. I'd insert a new blade—a good enough first shave; then each shave worse. The blade got duller and duller, until in a fret I'd throw it away and insert a new one. A constant annoyance, an expense. I thought I'd go through life shaving this way. Ever dissatisfied. I was in a habit rut. But now I own a Valet AutoStrop Razor. I sharpen the blade, I shave, I clean the razor, all without removing the blade. I'd never go back to the old way."

And neither will you go back to the old way when you have used the Valet AutoStrop Razor with the automatic self-stropping feature built right into the frame of the razor. Not only does it mean a "first shave" edge every day on the same blade, it also means a quicker and smoother shave.

Just switch for awhile. See if you'd go back to the old way.

### NORTH LAND GOES SOUTH FOR WINTER

In command of Captain Frank K. Crosby, of Yarmouth, who was master of the ship during the summer season between Boston and Yarmouth, the steamer North Land sailed from Boston on Tuesday for May West. She was chartered from the Eastern Steamship company to ply for three months between the Florida port and Havana.

### T. EATON OFFICIAL DIES.

TORONTO, Dec. 3.—William H. Dawson, assistant superintendent of The T. Eaton Company, died here today at the age of 49 years.

## TORHAMVAN HELD TILL LOCK REPAIRED

One Vessel Refuses to Wait Turn to Get Through and Grounds

MONTREAL, Dec. 2.—The lower lock gate of lock No. 2, which had been out of commission since Sunday, was finally repaired Tuesday afternoon. The Torhamvan, which had been waiting until the repairs had been made, as she is too large to descend by the northerly and small series of locks, came through at 5 o'clock Tuesday evening.

Almost as soon as the one lock was placed in commission, lock No. 2 of the smaller series was placed out of commission through the fact of the lower gate being prevented from closing. A diver was sent down into the lock water, and for some time searched along the sill of the lock for the impediment. At 6 o'clock the lock was still out of commission, but it was expected to be in operation at a late hour the same night.

Many lake boats have been waiting above Black Bridge to come down, a double line stretching right up to the Montreal Dry Docks, Ltd. Through the fact of one of these vessels refusing to await its turn to enter the lock it went aground on a narrow shoal to the side of the channel, where it was not expected to go.

### PLAY GIVEN AT CAPITAL.

FREDERICTON, Dec. 3.—"Peg of My Heart," was presented at the City Opera House tonight by local amateurs. The play was under the direction of S. C. Hurley. The performance was for The King's Daughters and other local

## "My dear... what is the matter with Harriet?"

HARRIET was once the life of the party. Once. Today her friends have a way of "pitying her" wherever she goes. Her hollow cheeks, her lifelessness, her circled eyes. Sluggish, always dead tired, Harriet stumbles on down the pathway of social decline—needlessly!

In the world about us, there are thousands of men and women who, like Harriet, suffer from constipation and pay its hideous price. Constipation is the world's most universal disease. But constipation can be permanently relieved and its devastations thwarted.

Kellogg's ALL-BRAN is a safe, sure way of relieving constipation permanently. It will drive the sluggishness out of the system and restore that vivid vitality so necessary to perfect health and worldly triumph.

This is how Kellogg's ALL-BRAN brings relief and why it is safe and sure: as it journeys through the body its fiber remains unchanged. It remains a bulk food, as doctors call it. ALL-BRAN sweeps, cleans and purifies the intestine. It stimulates the flow of the digestive juices. It absorbs and carries moisture into the intestine and prompts it to natural, healthy action. Kellogg's ALL-BRAN works as nature works. You never have to increase the amount eaten. How different from habit-forming pills and drugs, whose dose must be increased as time goes on.

If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief or your grocer refunds the purchase price. Eat two tablespoon-

### HEAR LECTURE.

The Educational Club of the German street Y. M. A. continued its Thursday evening sessions this week with a varied program. Miss Vaughan, of the Free Public Library, gave an address on "How to Make Use of the Library." Rev. Dr. Poole gave the first of a series of talks on the art of speaking in public. H. C. Price continued the series of papers on lives of great men with one on Sir John A. Macdonald, and there was considerable discussion by the men present on all the topics presented.

**BENSON'S GOLDEN SYRUP**  
A friend of the family

At one place in East Africa a population of 20,000 has decreased in four years to 8,000 because of the loss of cattle due to the tsetse fly.

### When Winter Comes!

How you will enjoy the wonderful flavor of BENSON'S GOLDEN SYRUP on Waffles and Pancakes. Children love it on bread and you can safely give them, all they want of this wholesome and digestible sweet.

Many people are considered lazy when they are really suffering from the world's most universal disease—constipation. It is a disease which robs you of your energy, your interest, your desire to do things. Only ALL-BRAN brings sure and safe relief from this disease.

Half the world is half asleep. Many people are considered lazy when they are really suffering from the world's most universal disease—constipation. It is a disease which robs you of your energy, your interest, your desire to do things. Only ALL-BRAN brings sure and safe relief from this disease.

### KNOW THE TRUTH ABOUT BRAN

To be effective, bran fiber must go through the various digestive processes without submitting to any of them. It must pass through the entire alimentary tract without its form being changed. What happens when a bran food is eaten? After the saliva has acted upon it, it passes through the stomach and into the intestines, where every part which is not fiber is absorbed. In ALL-BRAN the quantity of fiber is so great that it furnishes bulk enough to prevent and relieve constipation. In a part-bran food, the quantity of fiber is so small that there is only a puny amount to do a Herculean task. ALL-BRAN brings sure results. Demand it.

fuls daily—in chronic cases, with every meal. Eat it any way you like it—with milk or cream, sprinkled over other cereals; in soups, cooked with hot cereals, or made into the many delicious recipes given on every package. Also delicious with fruit. But be certain to get Kellogg's ALL-BRAN.

Only ALL-BRAN brings sure results. A product which is only part bran is not dependable. It can bring, at best, only partial results. Too many times it may bring none. Kellogg's ALL-BRAN is ALL-BRAN. That is why doctors recommend it. Why take chances?

Kellogg's is the original and only ALL-BRAN. In thousands of successful cases it has proved its worth. Let it bring permanent relief from constipation for you. Your grocer sells Kellogg's ALL-BRAN. Get a package today. Leading hotels and restaurants serve it.

The original ALL-BRAN—ready-to-eat
