## MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, NOVEMBER 22, 1921

### RECENT DEATHS

**Robert S. Craig.**  
Many friends will regret to learn of the sudden death of Robert S. Craig, of 142 Princess street, which occurred at his home shortly before midnight last night. Mr. Craig had been in his apparently usual good health up until 6 o'clock last evening when he complained of a headache and was compelled to retire. Dr. M. H. Case and Dr. L. A. McAlpine were immediately summoned and found Mr. Craig in a critical condition. He had already lapsed into unconsciousness and died a few hours later of cerebral hemorrhage.

Mr. Craig, who was a painter and decorator, was a well known citizen and his sudden demise will come as a distinct shock. He is survived by his wife, two daughters, Mrs. H. Hanson, of Concord (N. H.), and Miss Jessie, also in the United States; and one brother, James, of the United States.

**Robert S. Howe.**

The death of Robert Howe occurred at St. John's last Sunday morning in his sixty-eighth year. He had lived all his life on the old homestead at "Coteau Hill." He leaves his wife and four sons, Walter, Alden, Percy B. and Leslie, all at home, and one daughter, Mrs. Jennie White, of Armstrong's Corner, William Howe, of Welsford, is a brother and Mrs. Alfred G. Machum is a sister. The funeral will take place on Tuesday afternoon.

### FOUND BABE WITH HEAD CUT OFF

Montreal, Nov. 22.—Medical investigation into the death of an infant found on Saturday afternoon in a vacant lot in Rosemount with the head severed from the body discloses the fact that death was due to malnutrition and lack of care and not to decapitation. The inquest has been adjourned to allow of a search for the parents.

The body of a second infant was found on the lake shore at Norval on Sunday morning. The child had apparently died from exposure.

**PALL BEARERS STRIKE IN THE GERMAN CAPITAL.**  
Berlin, Nov. 22.—A unique strike in the world that is sweeping Germany as a result of climbing prices, is the strike of professional pall-bearers at Potsdam. They have demanded higher wages for carrying mortal remains to the grave, and the funeral parlors have installed strike-breakers. Reverence of the dead is not deterring the strikers from attacking the strike-breakers carrying caskets or accompanying hearses. Several funerals were the centres of small riots.

**CONFIRMS FAMINE CREDIT.**  
French Senate Approves 6,000,000-Franc Appropriation for Russian Aid.  
Paris, Nov. 22.—A credit of 6,000,000 francs for Russian famine relief, which was voted by the Chamber of Deputies

## Blue Bell Crown Derby

Just received a shipment of this popular pattern.

Teaware and Breakfast Ware in full sets or odd pieces.

## "Lots of Layer Cake, Pies and Puddings at My Home!"

In homes that own "Wear-Ever" Baking Sets—"Wear-Ever" Cake Pans, "Wear-Ever" Pie Pans and "Wear-Ever" Pudding Pans—wholesome, appetizing desserts are served often.

### "Wear-Ever" Aluminum Baking Utensils

take the uncertainty out of baking—contribute in a large measure toward perfect baking results.

This is because "Wear-Ever" Aluminum takes the heat evenly all over, insuring cake, pies and puddings that are light and easily digested because baked thoroughly inside as well as outside.

Dealers now have "Wear-Ever" Cake Pans, Pie Pans and Pudding Pans in stock, which will be welcome news to those women who have learned that it pays to buy quality things.

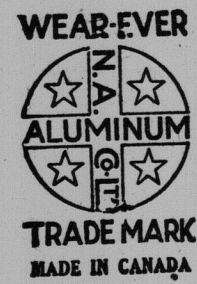

"Wear-Ever" utensils cost somewhat more than other utensils, but they are the cheapest in the end because of the years they last.

Remember! The average person cannot always tell the quality of aluminum by looking at it—but it always shows in service. "Wear-Ever" utensils give lasting service because they are made from hard, thick sheet aluminum that has been subjected to the enormous pressure of gigantic rolling mills. Your guide to highest quality aluminum is the "Wear-Ever" trade mark which appears on the bottom of all genuine "Wear-Ever" utensils. Look for it.

Buy "Wear-Ever" utensils as you buy your china—in sets Northern Aluminum Company, Limited, Toronto, Ontario

## DYED HER DRESS, COAT AND SKIRT

Every package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure, because Diamond Dyes are guaranteed to not to spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

### COURT BLOCKS MARRIAGE

**Divorced Man Who Took Second Bride Cannot Wed Third Time.**  
New York, Dec. 22.—When Clarence C. Stein was divorced in New York in 1914 by Mrs. Edith Stein, her decree forbade him to marry again during her lifetime. He remarried in Connecticut in 1916, and on October 11 last he divorced his second wife. He then applied to Supreme Court Justice Mulligan to modify his first wife's decree to permit him to take a third wife in New York state. He told the court that he has conducted himself properly since he was divorced here. It is on such proof that divorce decrees are modified as requested.

Justice Mulligan denied Stein's application, and said: "If its lack of merit were not so grossly plain, the application would be an impertinence. The man who was denied the right to remarry frankly states that he did remarry, and yet he talks about his good conduct."

### WOULD EXHUME BODY.

**Insurance Company Issues Writ Against Estate.**  
Kingston, Nov. 22.—The London and Lancashire Guarantee and Accident Company of Canada has issued a writ against the estate of the late Frank V. Y. Sanwell, broker, of Kingston, for a declaration that the company is not liable to pay \$7,200, the amount of an accident policy issued by the company. The company is desirous of having an autopsy on the body.

### MAN ENABLED TO SOAR BY MEANS OF OXYGEN

Paris, Nov. 22.—Flight to rarified altitudes, and even to the moon, is now possible for human beings without being equipped with special breathing tanks, through a discovery by Dr. Bayeux, which has been communicated to the Pasteur Institute. An injection of oxygen replaces the artificial respiratory tanks hitherto in use. Dr. Bayeux has proved the feasibility of his discovery by its use in the Alps, where he ascended 15,000 feet without the slightest difficulty.

### BUY DOG'S WHOLE FAMILY FOR COST OF THIS ACTION

Brockville, Ont., Nov. 22.—In division court, Judge Reynolds, opposing counsel, and over fifty witnesses strove for seven hours, at a cost of \$200 exclusive of lawyers' fees, to fix ownership of a red cocker spaniel worth but a few dollars. Both Charles Davis and Albert De Burze claimed the dog. The canine was awarded to the latter.

Stores Open 8.30 a.m.: Close 5.55 p.m.: Saturday 9.55 p.m.

## Why are some chocolates so gritty—compared with Ganong's?

There are no shortcuts to the even silken surface of Ganong's chocolate coating. Care in selecting the cacao beans, skill in blending and roasting them; time and attention in refining the cocoa with the sugar—these are more than mere ingredients in a perfect confection. And Ganong's keep working and refining the chocolate for days, long after the chocolate coating would be "passed" by a less exacting maker catering to a less discriminating public. But what a mellow consistency in the finished "G.B." coating, what a velvety feel on the tongue! Equal to the finest European product, where quality is the chief concern. Over 130 distinctive varieties—each piece stamped "G.B."

THE BAKER'S MARK

on Every Piece.
