

NORTH DEVON MAN DROWNED?

Allison Fraser's Bicycle Found on Bridge at Fredericton With Note to Search River.

Fredericton, N. B., July 24.—"Finder notify H. Logan, N. Devon. Search in river."

So read a note found in a tool bag hanging on a bicycle at the Fredericton end of the highway bridge across the St. John River.

The bicycle was that of Allison Fraser, aged twenty-five years, a returned soldier, who lived with his wife at North Devon, and who had not been seen since he left the Salvation Army here following service last night, in which he took part as a member of the band.

Mr. Fraser is a son-in-law of Herbert Logan. Cecil Brewer, son of H. T. Brewer, caretaker of the army, found the note.

Fraser belonged originally to Prince William and served overseas. During service he was wounded several times and also was gassed. He married Miss Sadie Logan about two years ago.

Recently he had been working at the New System Laundry in Devon and prior to that was employed at the sawmill of the Hawkins Lumber Company, Nashuak.

Recently Fraser has been in good health but formerly he was subject to attacks of faintness. His wife has been spending some time in Margerville and he visited her there on Sunday, returning by bicycle.

Sergeant Hughes and Patrolman King, of the local police force, were able to follow tracks to near the water's edge directly under the highway bridge.

IN WALL STREET.

New York, July 24.—(10.30)—Selling by professional interests was resumed at the opening of today's market. Developments over the week-end in their relation to the coal and railroad strikes seemed to encourage an extension of the short account. Coolers and transporters were only moderately low, pressure being most marked among motors and their accessories. Keystone Tire lost 11.8 points and Chandler Motors was heavy. The independent steels added variously to Saturday's rally under lead of Gulf States and Crucible. U. S. Steel was heavy.

Noon Report.

New York, July 24 (noon).—Pierce Arrow common and preferred at declines of 1 1/2 and 2 1/2 points, respectively were carried to lowest prices for the movement during the morning. Chandler was under further pressure, but Studabaker and several of the popular equipments strengthened. Many of the independent steels enhanced early, and Pan-American Petroleum and General Asphalt were active, and strong, but Mexican Seaboard reacted sharply. American Can, American Sugar, Industrial Alcohol, International Paper and Montana Power featured the miscellaneous list at gains of one to almost three points. Ralls were listless, some of the investment group falling off quotations in the first hour. Call money opened at four per cent.

SUGAR UP.

Montreal, July 24.—Principal refineries advanced the price of sugar from 87 to 87.50 a hundred over the week end, bringing the quotations of all the larger refineries to the same level.

The Gardens will, as usual, have the "Black and White" orchestra as its attraction this evening.

Why do we Sell The Ostermoor?

The Ostermoor is not the cheapest mattress made, nor the most expensive, nor have we any liberty in quoting a special price to attract volume sales. The factory fixes the price at its lowest to get volume sales through every dealer.

The fact of the matter is the Ostermoor makes its headquarters here because its sale is unaffected by such personal considerations. It is in a class by itself and the fullest value is there to make it a natural business magnet, as well one might describe the most popular mattress in the world.

And the twenty year guarantee costs us nothing, for they last everlastingly. Ostermoors in steady use 30 and 40 years have kept their felted down fluffiness. In fine art ticking, single widths \$23, double \$25.
