SHIFT IN THE CONTROL OF DEFENCES OF NEW YORK.
Boston, Oct. 26.—Primary defence of New York city against an invasion by sea would be directed from this city, under a war department order received at the headquarters of the First Corps area.
The order transfers to the First Corps area that part of the state of New York which lies east of longitude 72° 30' west, comprising the eastern half of Long Island, with Forts Wright, Terry and Michie, and the extensive defences of Block Island.
These defences were erected for the protection of New York, but are now adjudged to be more important for the protection of New London, Bridgeport and southern Connecticut in general.
ALL IS TO BE "BLACK" IN HOME OF BRIDE.
Paris, Oct. 26.—Calling marriage "a tragedy for which the mind must be adequately prepared," Germaine de la Boissiere, French artist, has designed a black apartment in which she and her prospective husband will spend their honeymoon.
The nine rooms of the apartment are covered with black, some with black velvet, others with satin, linen or wallpaper. Curtains and portieres are black, black the furniture, black the bed, black the sheets, black the tableware. The bathtub is a huge block of black marble.
The bride's trousseau is a mass of black chiffon and canilly lace, while she has sent notes written with white ink on black paper informing her friends that only black-clad persons will be received.
STATEMENT BY HARDING.
Washington, Oct. 26.—In a pre-election statement to the people of the United States, Senator Harding, Republican presidential nominee, declared that the Republican party goes to the people assured that they will recognize its superiority as an instrumentality of administration and that in the election now impending they will give it the certificate of their confidence and trust.
As to the league of nations issue, Senator Harding summarized his party's position as follows:—"The Republican party purposes... such an association of nations as will most effectively further the aspiration for world wide and permanent peace without sacrificing any part of the independence of the United States. It believes the United States can and must always guard its full part in the responsibilities of the world, but it also believes that the United States alone must decide what that part shall be."
At a special meeting of the St. John Art Club last evening, W. F. Burditt was chosen president, Miss C. O. McGivern, corresponding secretary, and N. Woodley recording secretary. Two vacancies on the executive council were filled by Mrs. T. Burke and Timothy O'Brien. Mrs. J. W. V. Lawlor and P. N. Woodley were tendered a vote of thanks for their work on the exhibition catalogue. The annual fee of \$1 was continued. It was announced that Dr. Ritchie of Halifax will lecture here on "Art in Rome." W. E. Barber and Mrs. Lureden were voted in as new members. The refreshment committee was composed of Mrs. Powell and Miss McGivern as conveners, with Mrs. Mulcahy, Mrs. P. N. Woodley and Mrs. McTavish. Alex. Watson, Miss Lillian Hazen and C. H. Flewelling were appointed on the refreshment committee.

PREMIER AND CALDER HECKLED

Much Interruption in Winnipeg Meeting at Which Western Campaign Is Resumed.

Winnipeg, Oct. 26.—A defence of the government's course over the last three years, an attack on what he termed the "Political Jig-Dancing" of Hon. W. L. Mackenzie King in his present western tour, and a statement on the government's tariff policy featured an address here last night of Hon. Arthur Meighen, Premier of Canada, in the opening meeting of his tour of the Western Provinces. He was preceded by Hon. J. A. Calder.

Mr. Calder spoke of the appearance of Mr. Meighen in Winnipeg three years ago in the war election, and asked if the government had not carried out its mandate. There were vociferous cries of "No" from various parts of the hall. "That," said Mr. Calder, "is a matter which will bear discussion." He declared that from that election to the end of the war the government bent every energy towards its fulfillment. There were isolated shouts of "sugar," "sugar," and "Give soldiers a square deal." "I have never had any regret as to my own course in joining the union government, and I have no apology," said Mr. Calder.

There were further interruptions, and the chairman asked for a fair and attentive hearing for the speakers. This request was cheered by the majority of the audience.

"I would like to make a confession," the speaker said. "I was what was called a 'Grit of the Grits.' Today I have not the slightest desire to play the old game. There are some who hint that I have been a traitor to Liberalism and to western Canada. That is not the way I see it. I am not a traitor to myself or to my duty, and I am not a traitor to my country."

The prime minister was half through his speech last night before he met with any real interruption.

"Is there," he asked, "any human being with a well ordered mind who will say that the government record of the past three years has been a record of..."

inaction or reaction," he asked. "Reaction," cried some in the audience, and one man called "Boo" Russell, and there were some cheers.

"At least there was no inaction," said the premier, and there was laughter with cheers and booing. "That," explained Mr. Meighen, "was not a matter of legislative record, but of the common law of England." There were interruptions from the back benches.

"I am a complaint of those who think it not safe that the case of the government should be heard."

"How about sugar," some one asked. "We decided that some days ago," was the reply, "and I presume my interpreter would have preferred a de-sugar the other way."

There were mentions of "immigration act."

The premier remarked that there were those who said "the government should go out," but when an election came it would be found - - -

"That they will go out," some one cried, and there were cheers. Mr. Meighen finished his sentence differently. "It will be found," he said, "that like the wolves at night, a few can make an awful noise." Thereupon there were great cheers.

The premier ran into more interruption when discussing tariff on implements.

"This is a free country," he remarked. "No," came the shout from the audience.

"Well," countered the premier, "the people in the audience seem to be taking it pretty freely tonight." (Cheers.)

The premier declared that Canada was paying now to the United States practically one hundred million dollars annually in exchange.

"And still," he declared, "there are those who say the salvation of this country is to be found in making it easier to buy more goods from the United States."

SHAREHOLDERS SAY YES TO THE PRICE BROS. SALE
Quebec, Oct. 26.—(Canadian Press)—At a meeting of the shareholders of Price Bros. yesterday a resolution of the directors to sell to the Price Bros. & Company, Ltd., was unanimously approved. The transfer will take place on Nov. 1.

The capitalization of the new company will be \$2,971,000, as compared with \$8,844,000 of the present company. The increased capital will enable the new company to realize the extensive developments in the lumber, pulp and paper industries for which plans have been made.

The Young People's Association of Carleton Place church held a citizens' ship night last night. Charles Beatty, vice-president of that department, read a paper on moving pictures, discussing them under four heads—production, censorship, commercial viewpoint and the church's duty.

MR. KING'S TOUR

Conference in Regina Over Return of Liberals Who Supported Union Government.

Regina, Oct. 26.—Hon. W. L. Mackenzie King addressed two meetings here last night. Both were well attended. Assisting the Liberal leader were W. C. Kennedy, M. P.; Wm. Duff, M. P.; and Hon. W. F. A. Turgeon, provincial attorney general. Mr. King alleged that the present attempt to break up the progressive forces into various opposed groups as inspired by the backers of the National Liberal and Conservative party.

At noon Mr. King and his party were entertained at the Assiniboia Club by premier Martin, the Hon. Geo. Langley, minister of agriculture and other members of the provincial cabinet. After the luncheon a round table conference was held. The subject of discussion was the present relationship of various political forces in the west, with special reference to the movement back to the Liberal party of those members who supported the union government in 1917.

CANADA'S COAL
Plenty of Bituminous, Says Mining Journal Editor at Convention.

Winnipeg, Oct. 26.—Canada has sufficient bituminous coal within her borders to supply not only her present population, but also that of the future," said P. W. Gray, editor of the Canadian Mining Journal, at the western convention of the Canadian Institute of Mining yesterday.

Mr. Gray said that unfortunately a gap of 2000 miles intervened between the eastern coal fields and the beginning of the Saskatchewan lignites along the international border. This gap could be bridged, but two things were required to achieve this end: First, an extension of the Great Lakes waterways that would enable Nova Scotia coal to enter Lake Ontario by water carriage without breaking bulk; and second, the adoption by the railways of a comprehensive programme for the annually increased transportation of coal from the western coal fields as a permanent feature of the traffic.

An interesting talk on Williams of prehistoric times was given by William McKelvie, curator of the Natural History Society, before a meeting of the Exmouth Street Young People's Society. Fred Myles presided.

ROBBERS CARRY OFF BIG SAFE IN AUTO

Fired on by Pursuing Police, Their Car Crashes Into Stoop—Thieves Escape.

Four burglars who had carried a heavy safe from the rear of Liggett's drug store, at 8641 Broadway, near 192d Street, into a stolen automobile drawn up near the curb, led the police an exciting chase early yesterday morning down Broadway, West End Avenue and Riverside Drive to Ninety-second Street where they abandoned the machine and escaped on a southbound subway local train.

The police, starting in pursuit from the Ninety-first Street Station, says the New York Times. In trying to evade their pursuers, the robbers lost control of the auto in veering sharply around the corner from Riverside Drive and the car crashed into the stoop of the home of Nathan Franko, the orchestra leader, at 286 West Ninety-second Street. The four men, apparently unhurt, ran to the subway station, where they had the luck to catch the train.

Patrolman William Lynch of the West 182nd Street Station was walking his post about 2 o'clock in the morning when he noticed an automobile standing in front of the drug store. As he hastened to the spot he saw three men leave the store carrying a heavy safe, which they placed in the rear of the car. The chauffeur spied the patrolman just then and warned the men, who jumped into the auto, which started away with a leap.

Lynch called to them to stop and as they sped past him he fired several shots in their direction, and, halting a pursuing automobile, starting in pursuit. Standing on the running board of the car, he fired at the fleeing robbers until his revolver was empty. He believed one of the men was injured by a shot. The patrolman kept up the pursuit as far as 111th Street where the robbers outdistanced him. He then notified the West 125th Street station and Detectives Reed and Prince Mullaly started out to search for the four.

As the detectives reached Broadway and Manhattan Street an auto answering the description furnished by Lynch came dashing down the thoroughfare. The detectives boarded a touring car and took up the chase, firing their revolvers at the escaping machine. The thieves, followed by the detectives, sped south to Ninety-fourth Street, west to Riverside Drive and thence to Ninety-second street, where the mishap occurred.

The safe which contained part of the day's receipts, was found in the car. It showed evidences of attempts to open it. The robbers gained entrance to the Liggett store by prying loose the lock on the door. The police, it was said, found the owner of the stolen automobile later.

The police were unable so far to find any clues to the thieves who entered on Wednesday, the apartment of Mrs. James W. Bell on the fourth floor of 19 East Sixty-fifth Street, near the home of Vincent Astor, and took furs and wearing apparel valued at \$1,000. Apparently they were compelled to leave before they had completed ransacking the apartment, as they overlooked jewelry and silverware valued at \$11,000.

When three alleged gangsters were being led to cells in the West Side Court they threatened vengeance on Alfred J. Ryan, a bartender, of 464 West Fifty-third Street, whom with Samuel Carroll, a fellow-bartender, they were accused of holding up Sunday night in the saloon of Charles Grissner at Fifty-ninth Street and Amsterdam avenue. They gave their names as Matthew Sullivan of 417 East Sixty-third Street, Thomas Connelly of 313 West Fifty-second Street, and Joseph Doyle of 410 West Fifty-sixth Street. They were held in \$25,000 bail each for the grand jury.
