The police were informed that he was absent from Camp Dix, N. J., without leave. While an officer from the cantonment was in the city searching for him McClintock sent a bullet through his temple in a room at the Murray Hill hotel.

There are no cases from Fredericton or nearby vicinity.

THE PARLOUR OF PEACE

The Man In The Street

Saturday to Tuesday, looks like a real holiday.

Here's many happy returns of the day to the Dominion.

A good day's work in the war garden would be an especially justified celebration of Dominion Day.

Under this plan, it is said, troops will be sent to restore order, assisted by Maximilian forces.

ST. JOHN OBSERVANCE OF DAY OF PRAYER FOR OUR CAUSE IN WAR

Special Features in the Churches of the City on Sunday Arranged

Tomorrow, the day set apart by the federal government for special prayer, application and humiliation in view of the crisis in the war, will be quite generally observed in St. John from indications gleaned today. The Evangelical Alliance at their monthly session on June 10, requested Ottawa to set aside a week-day for this purpose, as did similar bodies throughout the dominion. However, the government decided upon a Sabbath—the 30th of the day.

RETURNED SOLDIER IS CANDIDATE IN VICTORIA

RULE BEING ENFORCED.

Lethbridge, June 28—Several ticket buyers left the C. P. R. station in great wrath when they were refused tickets because they could not produce registration certificates. This ruling is being clearly enforced here, and many people are getting some rude jolts for having left their certificates "in their other clothes." Even restaurants are refusing to serve meals to those who cannot produce certificates.

GETS HABEAS CORPUS IN DRAFT MATTER

Calgary, June 29—An order was granted yesterday by the appellate division of the supreme court of Alberta, directing habeas corpus to Earl Lewis as a result of a recent appeal brought by R. B. Bennett, K. C., ex-M. P. The order was stayed for two weeks, pending a possible appeal. Chief Justice Harvie directed that the order be made absolute, and that the order in council under which he was drafted be unconstitutional. He contended that the order-in-council could not override an act of parliament.

NEW CHIEF ENGINEER OF CANADIAN PACIFIC

Montreal, June 29—J. M. Fairbairn has been appointed chief engineer of the C. P. R. system, replacing J. G. Sullivan, chief engineer, who is retiring to enter private practice.

PRICE OF SHOES

"I do not see any possible relief in the matter of shoe prices for some time to come," said a New York wholesaler of boots and shoes. "Nothing that will make the cost of a pair of shoes less than the cost of the materials, and many things, such as labor, certain materials and overhead charges, are mounting higher almost daily. In addition, the supply of shoes for civilian use is certain to be curtailed considerably, if not by government action, at least by the physical impossibility of the factories increasing, or even maintaining their former rate of production. The supply of labor is not only limited, but much of it is untrained and unskilled, which necessarily tends to slow down output as well as increase overhead costs."

DEPUTY MINISTERS REPLY TO HALIFAX

Halifax, June 29—Mayor Hawkins received a reply from Deputy Minister Desbarrats to his telegram to the navy department, Ottawa, protesting against allowing ships laden with high explosives to proceed up Halifax harbor to Bedford Basin, according to the deputy minister, after quoting from a letter on the same subject written by Hon. Mr. Ballantyne, minister of marine and fisheries, to F. P. Martin, M. P., when he was mayor of Halifax, says: "Your present request is much more reactionary than that forwarded by Mayor Martin to Hon. Mr. Ballantyne. If it were conceded, it would mean the removal of the Atlantic naval base from Halifax to some other port and the building at that other harbor of the repair and shipping facilities which the government is now endeavoring to have established at Halifax. As almost every ship sailing from Canada for the seat of war carries high explosives, as does also every warship, your proposal would result in all these ships avoiding the harbor of Halifax. I can hardly imagine that you wish to bring about such a condition of affairs."

TO LAUNCH 94 SHIPS ON JULY 4, ALSO 5 EAGLES, 20 DESTROYERS

Washington, June 29—The Shipping Board now promises that thirty-four ships will be launched on July 4. The previous estimate was eighty-nine. This total is exclusive of the navy vessels. A late telegram from the Pacific coast says that eight destroyers in addition to the Emergency Fleet Corporation purchases would be floated. It is probable that there will be nearer twenty.

NEW PEACE MOVIE BY DUAL MONARCHY

Zurich, June 29—From reliable sources it is learned that the Austro-Hungarian government, through an official representative in Switzerland, has made an attempt, in the last few days, to discover the allied standpoint upon certain important questions. The Dual Monarchy emissary represented himself as being very close to Emperor Charles. Contact with the allies was not established and he returned to Vienna.

BRIDGEPORT STRIKERS RETURN TO WORK

Robertson reports that the federal government has notified the railway companies that no one will be allowed in future to travel on street cars or trains where the fare is more than five cents without showing a registration receipt. New York, June 29—No alcoholic beverages will be allowed to be sold in New York city after 8 p. m., unless they are drunk on the premises where sold, according to an order of the governor, William W. Rockefeller. The act that soldiers and sailors in some instances have been able to obtain liquor, although they were not personally served where it was purchased, led the governor to take this action.
