## DYKEMAN'S SATURDAY will be CORSET DAY at our store

A very neat booklet has been distributed to the different homes of the city, describing the D. & A. Corset. We are headquarters for these goods and they are all sold at the prices indicated in this booklet, excepting a few special lines that have been made up by this firm especially for us.

For instance, we have now on sale 300 pair, Extra Long Waist, New Shape Corset, fitted with four garters of a superior quality, at 79 cents a pair. They are the equal to most corsets at \$1.00, finely formed, made from French cotton, non-rustible, non-breakable steels, finished with lace.

Another number that we specially recommend is priced \$1.00. It is not so long as the 79 cent one, but has the correct shape and gives the form the same appearance of stylishness as does the \$3.00 and \$4.00 Corsets.

Our 50 cent line is also finished with garters, is the D. & A. make, long hip effect and made from good wearing material. Other makes up to \$2.50.

## HOME AFTER 45 YEARS IN THE STATES

### George F. Dunham Visits Relatives in Carleton—Brings Good Word of Commission Government in Several Cities

George F. Dunham, a former resident of this city, who has been living in the states for forty-five years, arrived home yesterday on a visit to his mother, Mrs. Elizabeth Dunham, and other relatives in this city. He is at the home of his brother, W. O. Dunham, of West St. John, and his relatives here according to him a hearty welcome. Mr. Dunham left St. John in his nineteenth year, and has been very successful in the city of Waterloo, Ill., where he is known as a competent contractor, and where he is also interested in real estate. On his visit here he is accompanied by his son, Benson.

Speaking to a Times reporter this morning, Mr. Dunham spoke of commission government in Waterloo as its slogan, he said, in the expression "The Waterloo Way Wins," and the city had shown that such was the case by the fact that it had greatly increased in trade and industrial establishments. The population of the city is about 30,000, and the people are prosperous, and desirous of forging ahead. "No," he said, "we have not the commission form of government," he said in answer to a question, and he added with a significant smile, "I am not present at least, but I certainly think that the agitation very much in evidence in Waterloo today will result in that form being adopted. There seems to me no reason why it should not be adopted. I know what Des Moines has done. I know what Cedar Rapids has done. I also know what a score of other cities in the states have done after commission rule was adopted. A change in the condition of affairs has been apparent almost at once, and a change has been for the better."

"There is bound to be mismanagement under the aldermanic system with a mayor and ward representatives, and living as we do in Waterloo, only a short distance from Des Moines where the commission government is such a marked success, we are in a position to see the advantage of the new plan. Because of this there will be but light opposition, I think, when a vote is taken on the question of the adoption of commission."

Mr. Dunham and his son will remain here for about a fortnight, before returning to their home. It is interesting to note that his mother only a short time ago spent her 80th birthday, and is still enjoying the best of health.

### CAMERON IN TOWN

#### Speedy Runner Talks of His Plans —Is to Race Longboat in Boston

Fred Cameron, of Amherst, long distance runner, arrived in the city this morning, and left for home again on the 12.40 express. He had been spending a couple of weeks with friends in Boston, having accompanied the Amherst hockey team there in connection with a Times reporter, he said he was keeping in the best of condition, and expected to get into the running game again before long.

He said that arrangements were being made for a race in Boston with Tom Longboat, the Indianapolis runner, two weeks after the B. A. van there. If arrangements are made, Cameron will likely bring at the Brooklyn A. C. club in Boston. He said that he was allowing the use of the club at all times and having a good outdoor as well as indoor training track, and a first class gymnasium. It was a fine place to get into condition.

Asked as to what he was purporting to have said in an interview with the Boston press a few days ago in regard to having a squad of runners under his wing in Nova Scotia for the B. A. meet, he replied that he had said so. "In fact," he said, "I don't think there are many runners down our way who could make much of a showing at this meet, as some of the best men in the states compete every year. Fraser of Charlottetown might show up pretty well, but he is about the only one."
