### P.E.I. GIRL FALLS DEAD IN STREET

Florence McDonald was Returning Home After Shopping in Watertown.

Boston, April 17.—The body of Miss Florence McDonald, thirty-one, of Watertown, was found near the street curbing in front of the Walker-Pratt foundry, Cypress street, a short distance from her lodging house. Following an investigation by the police and Medical Examiner George West, authorities said that evidently she dropped dead from heart disease while returning after a shopping trip.

Miss McDonald came from Montague, P. E. I., a few years ago. According to the police she has a sister, Catherine, residing in South Boston. The body will be taken to Montague for burial.

### CUT ON NASHWAUK IS 18,000,000 FEET

Remarkable Contrast Between Weather Conditions Now and a Year Ago.

(Fredericton Mail) George McKnight operations manager for the Nashwaak Pulp & Paper Company in this section states there is no chance of the Nashwaak opening for some days yet. The tributary usually opens several days before the main river. Mr. McKnight says there is twenty inches of blue ice at the mouth of the Nashwaak. On the headwaters there is no sign of the snow having started to melt.

The estimate at the present time is that there will be some eighteen or nineteen million feet of logs to come out of the Nashwaak this season. The Nashwaak Pulp & Paper Co. has fifteen and a half million feet of new logs with a few hundred thousand feet of old lumber. The St. Lawrence Lumber Company Limited has three million feet. The River Valley Lumber Company has about one million feet. Fraser Companies Limited has very little.

There is a tremendous contrast between weather conditions now and those of the same time a year ago. On the corresponding day of the week last year conditions were so dry in Fredericton that two fairly serious fires occurred in Waterloo Row a barn of F. T. Thomas being destroyed and the typing cases being carried a long distance and setting fire to the roof of P. W. Porter's residence. On the Nashwaak River the drivers have been under way for some time and there was fear that the water would fall rapidly that the drivers would be on the 17th and the first bank logs arrived at Springfield that day.

### SCOUTS' ANNUAL CHURCH PARADE NEXT SUNDAY

Monday, April 23, being the feast day of St. George, patron saint of the Boy Scouts, the annual church parade for the St. John troops will be held on Sunday, April 22. Arrangements for the parade are now being completed by the local executive of the Boy Scouts Association.

The Catholic Scouts will attend the 10:30 o'clock mass in the Cathedral of the Immaculate Conception; those belonging to the Church of England will go to St. James' church, while members of other denominations will attend service in Centenary Methodist church. The East St. John troop is arranging for its own service, as has been the custom in former years. The troops have been asked to assemble in front of the Court House in King street east at 10 o'clock as many of the boys as possible to be in uniform. The troop colors will be carried. It is expected that special reference to St. George's Day and the Boy Scout movement will be made in the sermons during the services.

### WHISKEY CASE IN THE POLICE COURT

More About Charge of Theft of 22 Bottles in the North End—This Morning's Session.

The case of Thomas Tulek, on a charge of theft of twenty-two bottles of Scotch whiskey, valued at \$86, from the house of Jacob Lampert, in Ann street, was resumed this morning in the police court.

Mrs. Lampert testified that she discovered the theft and notified her husband. The liquor was in two sacks. During cross-examination she said she did not know anything of a transaction in which it was alleged Mr. Lampert gave the liquor to the defendant for delivery to Mr. Levine in North street.

Joseph Stokolsky testified that the accused had been at his store in Main street for a pair of trousers but could not find any to fit him. He then asked to leave two sacks there for a time, saying that they contained ginger ale, but was refused and took them away with him.

Mrs. Duffy gave evidence that she had been keeping house for Mrs. Monoli Micheluk on the evening in question. The accused arrived, she said, with two sacks which he put in a front room. He then went out and she did not see him again.

Policeman Killen testified that he went to Micheluk's house with Inspector Kilgum and the accused and Micheluk there. The accused denied having been in Lampert's house. They looked in the front room and in a bedroom adjoining found fifteen bottles of whiskey, six empty straw cases and a half filled bottle as well as the two sacks in court. The accused, he said, told him he got it from a man upstairs. The two took the accused and the liquor to the North End station where Tulek told him he bought the liquor from an Englishman for \$20.

At this point Tulek said that he had been talking with Lampert in Russian and that the latter said he would not have the policeman arrest him if he would return the liquor. The policeman said they had been talking in some language he could not understand.

Inspector Killen corroborated this evidence. He told of asking Micheluk where the liquor had come from and receiving three different answers. He was told that Micheluk had paid Tulek a high price for it, that Tulek had just brought it in and that Micheluk did not know it was there. The accused was further remanded.

Two young fellows, Tim Brunstad and Henry Berbelien, appeared this morning to answer a charge of wandering about and not giving a satisfactory account of themselves. Another charge, that of desertion from their ship, the Brant County, was laid. They were allowed to go to the ship on the request of the captain and were escorted by Sergeant O'Neill.

Michael J. Coughlin pleaded not guilty to a charge of assaulting a seven-year-old child, the daughter of Charles Merry. The little girl testified that the accused had pulled her hair and had kicked her. The case was set over until tomorrow afternoon for further evidence. The accused was allowed to go on putting up a deposit of \$20.

Roy Thompson was charged with breaking and entering the house of Isaac Goldberg, 45 Lombard street, and stealing goods to the value of more than \$20. The witnesses in the case were not present and he was sent to jail.

One man charged with drunkenness pleaded guilty in the Police Court this morning and was sent below.

REPORT ATLANTIC DIVISION IS TO END AT MONTREAL.

A report which has gained considerable strength during the last two or three days is to the effect that the C. P. R. management had decided to extend the Atlantic division of the railway, with headquarters at Montreal, instead of ending it at Monck and Riviere du Loup, as was the original intention.

The fact that a proposed conference arranged between Sir Henry Thornton and a delegation from the Maritime Provinces principally to discuss this question, had been postponed from April 18 to April 24, is taken by some as an indication that something in connection with the extension of the division was developing, but was not ready for announcement. If such is the case and the reported extension has been decided on, it is expected that a definite statement should be made in the near future.
