

UNION OF THREE PROVINCES FOR MISSION WORK

Woodstock, N. B., Oct. 20.—Huge crowds attended the services in the United Baptist church here today. Visiting clergymen in attendance at the convention of the United Baptist ministers officiated. Rev. L. H. Crandall of Hantsport, N. S., preached the convention sermon. Rev. D. J. McPherson conducted the Sunday school rally this afternoon and Rev. A. L. Huddleston assisted. Rev. G. C. Warren of Fredericton spoke on "Teacher Training," and an address was given by Rev. F. O. LeB of the young people's publication, issued by the American Baptist Publication Society. Rev. D. Hutchins conducted a devotional service this morning.

The report of the Board of Home Missions for Nova Scotia and P. E. Island was presented by the secretary, Rev. E. S. Mason. This report shows 100 churches served having 167 preaching stations; 8,220 preaching services were held and 248 baptisms on the home mission field were reported. The expenditure during the year was \$15,994.64. The trust funds now amount to \$22,000. Special tribute was paid to the self-sacrificing work of the home mission pastors and the call was sounded for a salary of \$1,200 and a house for fully equipped men. A large number of young men have returned from overseas ready for the work of the ministry. Rev. L. I. Wallace and wife, G. L. Knight and M. L. Anderson have served as general missionaries. The outstanding feature of the report was the plan for the union of the Nova Scotia and P. E. Island work and that of New Brunswick under one board. For twenty years separate boards have carried on the work. There has long been a desire to get together in this work. A basis of union was adopted. The report of the Board for New Brunswick shows an expenditure of \$11,106.87 with a large amount of work and many baptisms.

The following officers and committees were elected: Secretary, Rev. A. J. Archibald; assistant secretaries, Rev. H. Y. Payant and Rev. D. H. Maitland; treasurer, J. F. Sanborn. Committee on correspondence, Rev. C. R. Freeman, Rev. F. E. Bishop, Rev. F. C. Hartley, Rev. J. A. Christie and W. C. Cross; committee on resolutions, Wellington Camp, Rev. David Hutchinson, Rev. B. D. Knott, Rev. I. A. Corbett, Rev. W. C. Goucher, Rev. A. T. Dickman, High Sheriff A. A. Wilson, K.C., D.C.L., brought in a resolution providing for the creation of a new Board of Home Missions to take over and administer all home mission interests within the constituency of the convention.

A. A. Wilson then reported, as treasurer of the funds held by the eastern section of the Foreign Mission Board. The capital account now stands at \$72,605.92, the income from which was \$4,982.48, which was used as designated. On second ballot Rev. Wellington Camp was elected president of the convention and installed into the office. Rev. I. A. Corbett and J. P. Gordon were elected vice-presidents.

The retiring president, Rev. C. R. Freeman, delivered an address in which he suggested a clear understanding between the relation of the church and the Y. M. C. A.

Rev. Dr. Hutchinson brought up the matter of aid for the Baptist people at Oranmore to help them rebuild their church and said that the home mission board would help them.

Dr. H. T. DeWolfe spoke of the work of the five-year programme committee, dealing with social conditions and speaking of study for the ministry. At Wolfville, he said, returned soldiers were the most thoughtful of the students. Rev. S. S. Poole emphasized the need of a field society and reported concerning the funds of the five-year programme committee.

MUSICAL SOCIETY FORMED.

The St. John Society of Music became an actual fact on Saturday evening when an enthusiastic meeting was held at the residence of J. L. The club proposes holding five concerts during the winter season and has in view some excellent programmes for the concerts. The membership committee appointed was as follows: W. F. Hatheway, Mortimer Robinson, A. N. McLean, W. H. Golding, F. G. Spencer, J. L. LeLachur, Miss Louise Anderson, Miss Alice Fairweather, Miss Katie L. Broad, Mrs. A. C. D. MAN FROM HARDY NORTH WOULD ABOLISH LIQUOR

Dr. Grenfell of The Labrador Declares Prohibition Best Remedy For Boozing Evil

(Toronto Globe.)

Dr. Wilfrid T. Grenfell of the Labrador speaks no good word for the liquor traffic. This man who for thirty years has ranged the seas with the hairy fishermen threw barbs of sarcasm into the upholders of the trade in strong drink. Prohibition was not a panacea for all the

evil of intemperance, he told the students at Convocation Hall yesterday morning. But, so far, there was no surer remedy known, and he was glad

he said, that the evil was being fought now in Canada.

The noted medical missionary touched for a few moments on the liquor question during the course of his sermon. When the great railway strike ended in England, workmen, he said, gathered in Albert Hall, London and sang "Abide With Me." What a difference there would have been in the nature of the celebration of they had been carousing in alcohol.

"I am glad you are fighting the evil here," said Dr. Grenfell. "I have lived with the deep-sea fishermen. But what good was it, he asked, to try and head a drunkard from sickness only to send him home to beat and abuse his wife and children? Prohibition, he knew, was not the panacea for all ills. But if it went into effect, the next generation would not want half the alcohol that this generation thinks it wants.

Not Philanthropists

A naval officer had told him only two nights previously, said the speaker, that he could not see why he should deprive himself of pleasures just to suit the whims of his friends, and of his wife and children. "Did you fight the Hun," asked the doctor, "in that spirit, to get out of it what you could? He warned his audience to be on guard against the evil. The liquor interests were not philanthropists.

MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

ropolis. "They are not selling their product only as a cure for the influenza," he observed. Later in his sermon he touched again on the subject. He was telling about a captain among the fishermen, a big man, wonderfully keen and strong as a horse. One day the captain came to him and said that he was going to follow the teachings of Christ. On the following Sunday, said the doctor, he went aboard to see the captain.

Some of his friends were trying to make him drunk. They were his friends, and no doubt they considered themselves his friends, but he was not of his friends, said the speaker ironically. Prohibition should be supported, he told the audience, until they saw something better that would curb the evil of the traffic.

The first league features are Everton's form away from home, West Bromwich's continued success and Newcastle's wonderful defence. Tottenham played remarkably well and Coventry won their first point after two months of play. Celtic suffered the first defeat of the

season before 65,000 spectators. Glasgow Rangers are proving more virile and speedy.

The international match at Stoke between England and Wales furnished a handsome victory for England which put an entirely different team in the field.
