

for their study. Clinical instruction is given daily, and all operations performed in the presence of the students. Regular Clinical Lectures on Clinical Surgery and Clinical Medicine, open to students of this University are delivered during the winter. In addition, a Clinical Lecture is given every Monday and Thursday by Dr. Campbell, Dean of the Medical Faculty of Bishop's College.

The Royal Victoria Hospital. This hospital which is situated on Pine Avenue, corner of University Street, has just been completed and patients have been admitted since the 1st of January, 1894.

The erection of this magnificent pile of buildings in commemoration of the jubilee year of the reign of Her Majesty Queen Victoria, was rendered possible through the great liberality of two of the city's greatest benefactors, Sir Donald Smith and Lord Mount Stephen, each of whom gave half a million dollars; the city having contributed a large piece of ground for the use of the hospital. The hospital receives all classes of medical and surgical cases, and has special wards for Gynæcological and Ophthalmic Diseases. It can accommodate about 250 patients, and extends its charity to the afflicted from all parts of the Dominion as freely as those from the city. There are three main buildings, a central administration block and two large wings, one for surgical, the other for medical cases; each has three large wards, 126 ft. by 26 ft. 6 in., besides several smaller ones; medical and surgical theatres capable of seating 250 students. There are laboratories for Clinical and Pathological Chemistry, Pathological and Bacteriological investigations and a mortuary. Students from all colleges are admitted on equal terms.

Annual fee, \$5.00. Perpetual tickets are obtained when the third annual fee is paid. Tickets are given at the hospital.

The Hotel Dieu Hospital (200 beds) is within a short distance of Bishop's College. Attention is directed to the vast amount of Surgery to be seen in this institution, which is much greater than in any other hospital in Canada. Clinical lectures in Surgery and Medicine are delivered. Students of Bishop's College can attend these lectures.
