THE OXYGENATED BUTTERS,

This remedy is just what it purports to be, — a "remedy for Dyrpopia." Though containing no olerhol, yet it will retain its wisters in any climate. It is highly concentrated, — a temporal is a holf a tumbler of waiter constituting a down. Among all the remedies over discovered for these precasing and obstinate complaints, there is none which ever wrought such great and perdament cures, or which can produce so many and unecceptionable certificates from the recipients of its benefits. A single dose often miligides the docume, and a premanent cure specify follows. the disease, and a permanent cure speedily follows.

From a highly respected Physician in Maino.

a Mesers, S. W. FOWLE & Co., — Gentlemen: For several years past I have had a knowledge of the operation of the ONYGENATED BITTERS in some cases of Dyspepied and Georgal Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remodes had been used without benefit. I do not hesitate to recopsioned them.

Respectfully yours,

THE OXYGENATED BITTERS. THE OXYGENATED BITTERS.

Letter from Stearns Foster, Esq

STODDARD, N. H., Sept. 33, b.,
Messis. Setti W. Fowle & Co., — Gents.: I was, for many years, a great sufferer from Dyspepsia or Wateebrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician I should file have discontinued their use, thinking them to be of no avail; but his confidence inspired me persevere, and after using to the extent of half a dozen tics, I had antitely regioned my health. Thepe the dyspeptic persons will be induced to give them a fair triek being confident that this remedy is the most po-tent, for the various forms of DYSPEPSIA, that has been produced. Yours,
