A London special to the New York of the Intercolonial railway, on Sunday of last week, met with a fatal accident by falling from a man's larged market—takes advantage of the saisstance the government gives him, to add to his already sufficient wealth. The Government is rich and extravagiant; the coal companies are reveiling a car at St. Flavie Station into a cutting barrier to pair the cash system and competition have taken the place and companies are reveiling for the state of the New York agree in saving that the cattle to be sold be properly ticketed and placed in the yard perly ticketed and placed in the yard revisual to the New York agree in saving that the cattle to be sold are bred should also be on exhibition in the yard. short, "old things have passed away and all things have become new."

The Government is rich and extraval met with a fatal accident by falling from a car at St. Flavie Station into a cutting in wealth and the people must pay for The Timber Trades Journal cannot all and submit to another squeeze or go and an unconscious state.

The Government is rich and extraval met with a fatal accident by falling from a car at St. Flavie Station into a cutting that thirty feet deep. After medical attendance, Breer died in an unconscious state for the falling. He leaves a state falling. He leaves a state falling. He leaves a state falling the state of the st stated places. From these and other causes it is claimed that more than twice that is equally available to the Jourthat is equally av tain or fanatical Pasha, as a few pounds of dynamite or a sunken ship-sunk by
