FOLICE SPORTS FRIDAY AT THE

Thousands of tickets have been sold for the great ice meet Friday night at the Victoria. One hundred and eighty-five entries have been handed in, and upwards of one hundred prizes will be competed for. Three prizes will be given for each event, which is an almost unprecedented occurrence in ice sports. It will be well for those who Friday. Doors open at seven o'clock. BIGGRAPH'S LATEST HIT AT "STAR."

The Star Theatre in North End cannot be beat when it comes to first class motion pictures, which is the one, big, essential quality in entertainment of the popular kind. Tonight it has for its leading feature the Biograph Company's issue of January 20th, a story of life with a circus, entitled "The Cail." There is possibly no profession as alluring as that of a circus performer and in this connection the struggles of the pretty little heroine, Edith Lawson, will be followed by Star patrons with great interest. Following this picture is a dainty drama of the Old World, "The Belle of the Harvest," and something that would make a horse laugh, labeled "The Rivals." After all this programme of fun and seriousness the bill will be concluded with that grand Biograph production, "The Way of Man," truly a delightful picture. Miss Edwards will sing and there will be attractive music and realistic affects. Be early, or you may have to wait your turn to ret a spects?

Rev. Mr. McCaskill alluded to the magnanimous behavior of the physicians of the province, who were seemingly working to diminish the scope of their own profession.

The secretary of the provincial and county. Nev. T. Hunter Boyd, was introduced and gave an address on the meaning of the tuberculosis movement. In order to show the hearty accord with the meeting being then held by the Canadian Club, he employed an acrostic motif on St. John, N. B., which might serve as a temporary programme for all workers in the city and county. Note the connection of the initial letters of the following paragraphs:

Individual freedom must conserve our collective strength. The old solidarity of pioneer days must be manifested under new forms.

New knowledge brings new responsibilities. We need to ensure, not what is commonly called charity, but justice to those who are compelled to struggle with insufficient sunlight and pure air.

Take special care of the children. There is a fallacy prevalent as to harmlessness of measles and whooping cough and so called minor ailments. The ensuing weakness often supplies a chance for latent tuberculosis to develop.

Join the St. John city and county association. You will thereby help to enforce the anti-spitting crusade, support a tuberculosis institute and secure a special nurse.
