Poetry.

IS THERE AN UNBELIEVER

BY THOMAS HAYNES BAYLY.

Is there an unbeliever,
One man who walks the earth,
And madly doubts that Providence,
Watched o'er him at his birth!
He robs mankind forever
Of hope beyond the tomb;
What gives he as a recompense?
The brute's unhallowed doom?

In manhood's loftiest hour,
In health, and strength, and pride,
O! lead his steps through alleys green,
Where rills 'mid cowslips glide;
Climb nature's granite tower,
Where man hath rarely trod;
And will he then in such a scene,
Deny there is a GOD?

Yes!—the proud heart will ever
Prompt the false tongue's reply!
An omnipresent Providence
Still madly he'll deny;
But see the unbeliever
Sinking in death's decay;
And hear the cry of penitence!
He never learn'd to pray.

ROWLAND HILL.—It was Mr. Hill's habit to ride to church in an old family carriage, a practice too aristocratic in the judgement of one of his flock, who determined to rebuke it. It was customary in his chapel for notes to be sent to the pulpit, requesting prayers for various objects. One Sabbath Mr. Hill was proceeding with the reading of these requests as usual, when he found himself in the midst of one of the following purport:—"Prayers are requested for the Rev. Mr. Hill, that he may be more humble, and like his Divine Master, who, instead of riding in a carriage, was content to be borne on an ass." Having read the notice, he lifted his spectacles to his forehead, and looking around the house, observed, that it was true he had been guilty of the fault alleged; but if the writer would step round to the vestry door after service, saddled and bridled, he would have no objection to try to ride home, after his Master's example on the back of an ass.

A WISE FOOL.—When the Earl of Bradford was brought before Lord Loughborough, to be examined upon application for a statute of lunacy against him, the chancellor asked him, "How many legs has a sheep?" 'Does your lordship mean, answered Bradford, 'a live sheep, or a dead one?' 'Is it not the same thing?' said the Chancellor. 'No my lord,' said Lord Bradford,' 'there is much difference; a live sheep has four, a dead one but two—there are but two legs of mutton, the others are shoulders.'

A lady in the county of Durham, more favoured by fortune than education, at a *soiree* which she lately gave desired her daughter to play "the fashionable new *malady* she got from London last week." The interesting girl obeyed. It was very catching!

NEWSPAPERS.—A journalist is a giver of advice, a regent of sovereigns, a tutor of nations. Four hostile newspapers are more to be feared than a hundred thousand bayonets.—(*Napoleon.*)

TO CURE THE HICCUP.—Hold up, high above your head, two fingers of your hand; lean back in your seat, opening your mouth and throat, so as to give a free passage to your lungs; breathe very long and softly, and look very steadily at your fingers.

To intending EMIGRANTS from New-Brunswick!

THE CANADA COMPANY would submit to the serious consideration of all parties who may contemplate leaving New Brunswick, whether the Western section of Canada, (formerly the Province of Upper Canada,) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, the soil very fertile, and abundance of excellent Lands, to be obtained upon easy terms, from the Government and the Canada Company. The great success which has attended settlement in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country; and is also shewn by the success of many natives of New Brunswick and Nova Scotia, who have settled in many Townships of the Country; and the individual progress made by several thousands of people, who have taken Lands from the Company, corrobates the success which has attended settlement in Upper Canada.

The Canada Company's LANDS are offered for sale by way of LEASE for *Ten Years*; or for SALE, CASH DOWN. *The plan of 1 5th Cash, and balance in Instalments, being done away with.*

The Rents payable 1st February each year, are about the Interest, at 6 per cent., upon the Cash price of the Land. Upon most of the Lots, when Leased, NO MONEY IS REQUIRED DOWN: whilst upon the others, *according to locality, One Two, or Three Years Rent* must be paid in *advance*, but these payments will *free* the settler *from further* Calls, until the second, Third, or Fourth Year of his Term of Lease.

The Settler has secured to him the *right* of converting his *Lease* into a *Freehold*, and of course *stopping payment* of farther Rents, before the expiration of the Term, upon paying the purchase of Money specified in the Lease.

The Lessee has thus *guaranteed to him* the *entire benefit* of his *Improvements* and *increased value* of the Land he occupies, should he wish to purchase.—But he may, if he pleases, refuse to call for the Freehold: the *option* being *completely* with the *Settler*.

A Discount, after the rate of Two per Cent. will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year.—The Lessee has also secured to him the benefit of the SETTLERS' SAVINGS' BANK ACCOUNT.

☞ The Canada Company have published "*A Catechism of Information for Intending Emigrants of all classes to Upper Canada*:" copies of which, as well as further information, may be obtained *gratuitously*, by applying at the Office of G. BLATCH, Esq., Barrister at Law, Prince William Street, St. John, N. B.

Commissioner of the Canada Company's office, *Canada West,—Toronto, 20th Nov., 1848*

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,

THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.

THE most celebrated and infallible remedy for Colds, Coughs, Asthma, and every form of Pulmonary Consumption, is the HUNGARIAN BALSAM OF LIFE, discovered by that eminent medical chemist, Dr. Buchan, of London, England, and extensively known as the "Great Eastern Remedy.

It has been tested for upwards of seven years in Great Britain and on the continent of Europe, where it is universally considered the great, and only remedy for this awful malady, and now introduced to the public under the immediate superintendence of the inventor. Within three years it has been distributed from Maine to Florida, and from Canada to Wisconsin, and its effects are every where alike ASTONISHING AND TRIUMPHANT.

As a preventive medicine, and an antidote to the consumptive tendencies of the climate, it is invaluable. As a remedy for severe and obstinate coughs Inflammation of the Lungs, croup, &c. it is unrevaled. But the Proprietor is so confident of the merit of this great remedy, in the worst forms fo consumption, that he prefers to have it used by the DYING INVALID, rather than by persons afflicted with some simple and less dangerous disorder of the throat and lungs:—this may seem strong language, but it is the result of experience in thousands of cases, sustained by the most intelligene and unimpeachable testimony. It is not pronounced an infallible remedy in all cases, but it is THE MOST INFALLIBLE remedy known to the civilized world. It is the best preventive of hereditary consumption—it is the best defender against the influences of climate—it is the best remedy for incipient consumption—and it is the great and only remedy for that fearful *softening of the lungs—inflammation of the membrane, and tuberculous decay*, which are the last effects of that dreadful scourge, and which are erroneously supposed to be beyond the reach of medical aid:—the agent or proprietors of other and farther beyond the reach of hope.

Such is not the case with the Hungarian Balsam It is always salutary in its effects—never injurious It is not an opiate—it is not a tonic—it is not a mere expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy, a grand healing and curative compound; the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto unconquerable malady. It is in fact the *best remedy in the world!*

[From the John Bull, newspaper, London.]

There is certainly some mysterious and occult virtue in the famous "Hungarian Balsam of Life which the medical faculty are unable to discover or Dr. Buchan would not be permitted for so many years to enjoy the magnificent monopoly of the treatment and cure of Consumption in Great Britain. No satisfactory analysis of this famous compound has ever, to our knowledge, been offered to the public.
