FIELD DAY

VACATION BILL 000,000 Less in 1932

The members of the Fraser Junior Executive Club and their families, had a most enjoyable time at the Athlette Field on Saturday afternoon. About three hundred people were present.

The children had a wonderful outing, and enjoyed the swings, teeters and other things arranged for their amus ment. The Teuris Croquet courts were well patronized Music was furnishen by the Fimundston Juvenile Band, under the direction of the Bandmaster, Mr Poulin. This youthful organization is a source of great pride to the citizens, and Mr Poulin is to be congratulated on the creditable showing made by these young musicians.

A booth where Ice Cream and Candies could be purchased, flourished throughout the day. We have not yet decided whether the popularity of this booth was due to the excellent quality of the selectranship By Central Press Canadian
Washington, April. — Estimated
expenditures in Canada by United
States motorists during 1932 were
approximately \$145,000,000, as compared with estimated outlays of
\$188,000,000 in 1931 and \$215,000,000 in
the peak year, 1929.

This estimate, based upon the returns of postcard questionnaires
handed by Canadian border officials at various points to drivers
of approximately 5,700 returning
motor cars, shows that last year's
expenditures across the border by
this country's automobile travellers
were approximately 23 per cent less
than those in the preceding year. In
1930 and 1931 the declines approximated only 7 per cent.

The rather pronounced drop in

mated only 7 per cent.

The rather pronounced drop in American automobile tourists' expenditures in Canada during 1982 was almost entirely accounted for by a decline of nearly 437,000 automobiles crossing the border on bonday permits. This class of tourist cars regularly accounts for approximately three-fourths of all expenditures in Canada by our motor travellers. excellent quality of the ice-creat and Candy, or to the salesmanshi and Candy, or to the salesmanship of the genial vendor, O. E. Horton, and his little assistants, Carol and Billy Horton, and Betty Sherwood. There were games of Soft Ball, races, horseshoe pitching, and other contests, in which several took part, the winners receiving attractive

tures in Canada by our motor travellers.

In addition to expenditures on the other side of the border by automobile tourists, an estimated total of about \$38,000,000 was spent by Americans who entered Canada by rail or steamship. Total expenditures by American tourists in Canada during the past calendar year therefore aggregated approximately \$183,000,000. about 23 per cent less than in 1931.

Offsetting this total of United States funds made available in 1932 to Canada, it is estimated that Canadian motorists spent about \$27,000,000 in the United States and rail and steamship visitors about \$12,000,000 in the United States and rail and steamship visitors about \$22,000,000. Total Canadian tourist outlays are thus estimated at about \$39,000,000, an amount nearly 32 per cent less than in 1931 and roughly 58 per cent less than in 1931 and roughly 58 per cent less than in the peak year, 1929.

Canada was thus, in 1828, a credrpices.

After an afternoon in the open ample justice was done to the de-licious supper served by the Ladies of the United Church. The Executior the Office Control of the sup-per, was composed of Mrs R. G.
