Around the City

Arrest Pocket Peddler. Despite the fact that a number of pocket peddlers have been arrested and sent to jail, the work still keeps up and there was much drunkenness about the city and suburbs yesterday. At 3.30 o'clock last evening, Detective Worsell and Special Officer Barrett were on the warpath and arrested a young man named Thomas Gallagher, and have charged him with selling liquor without a license on Sheriff street.

Streets Repaired.

The improvement of the streets of the western end of the city is progressing steadily under the direction of Commissioner Potts. Already a surface has been built on a portion of Rodney street and a new concrete gutter laid. Water bound macadam is being used there and it is expected to give good satisfaction. Broken stone for the street repairs in Carleton is being secured from the hill at the head of Rodney street, where a city stone crusher was at work during a part of the winter. Stone is still being cut from the hill and distributed to different parts of the West Side.

On account of lack of money this year Commissioner Potts will not be able to carry out the full extent of the work contemplated in West St. John but a good start will be made and next season additional work will be done.

Plans for City Park.

It is expected that within the next few days adequate plans for making the Col. Tucker estate in the Sandy Point Road into a city park will be presented to the city commissioners by Mayor Frink and Commissioner Potts, who have the arrangement in charge. By the will of the late Col. Tucker the estate was left to the city to be used for a public park. Miss Tucker, a cousin of Col. Tucker, has offered the city \$10,000 for the purpose of fitting up the property. The offer was submitted to the commissioners on Wednesday and Commissioner Potts and Mayor Frink were authorized to suggest a plan for utilizing the amount offered. It is understood that the mayor and commissioners have visited the property and found it admirably suited for a park.

26th Battalion.

Detachments of the 26th Battalion paraded to church yesterday morning, going to St. Paul's, the Cathedral, Brussels street Baptist, Portland Methodist and Calvin Presbyterian churches, headed by the City Cornet, rifle and drum and bugle bands.

The Rev. Dr. W. O. Raymond held a service on the island for the local artillery stationed there.

About 100 members of the Construction Corps, under command of Lt. Col. Ramsey and Capt. Grant, paraded to Trinity church for divine service conducted by the Rev. Ralph Sherman. Other detachments of the same regiment paraded to St. David's and St. Jude's in the morning. The Carleton Cornet band accompanied the men to St. David's.

Soldier is Arrested

James McIlhenney, a soldier, was arrested shortly after eleven o'clock Saturday night by Sergeant Thomas Sullivan and Patrolman McFarlane and is charged with stealing eight dollars from James Campbell, a teamster who resides on Brussels street. From what could be learned Campbell had his week's wages in his pocket and was in company with McIlhenney drinking liquor in an alley off Paradise Row Saturday evening. He states that McIlhenney held him up in the alley and took the money from him. He also said the soldier attempted to steal his watch. McIlhenney is a married man and resides with his wife and family on Harris street and it was in his house Saturday night that he was found by the police and arrested. It is further stated that the prisoner has confessed to taking the money.

COURTENAY BAY CONTRACT.

In regard to the Courtenay Bay contract, Hon. Mr. Hazen said there was no need of any alarm on the part of the people of St. John and the work would be proceeded with more rapidly and more satisfactorily than before.

REV. R. J. HAUGHTON LAUDS DR. CORBET NOW ON FIRING LINE

Preaches Powerful Sermon In Which He Scores Parasites.

GERMANY SCORPED.

Kaiser Puts Faith In Force And The Right of Might.

Last evening in the Congregational church, Union street, Rev. R. J. Haughton addressed his congregation on "The striking appeal of a St. John hero—the duty of the hour as seen by Dr. Corbet," taking as his text, "And they beckoned unto their partners which were in the other ship that they should come and help them." He said:

"It was an astonishing thing to the mind of Napoleon that while Caesar, Charlemagne, Alexander and himself had founded vast empires upon force, Jesus had founded a mightier one by the power of his love. There is a philosophy of life quite prevalent too that which knows nothing of Christ's philosophy of life. It knows nothing of sympathy or love. It only knows itself. This is not the teaching of Christianity. A year ago we thought that the world was making good progress along the lines of brotherly love, but German Imperialism and the brutal forces of Prussian militarism have crushed this. We have a powerful enemy to fight. If he wins we fall. The might of Germany must be met by a still greater might if we are going to win.

"This statement brings me to the recent message of one of our St. John heroes, Captain Dr. Corbet, who is at the front in charge of the Ambulance section with the 3rd Artillery Brigade. "I was struck with these words of Dr. Corbet published a few days ago. 'We are still holding the enemy back, but at what cost, God only knows. What the future holds out we do not know, for this is a battle of giants. Oh, how I wish the British people generally would wake up and realize this is the greatest war the world has ever seen and if we want to win soon we will have to have two guns, two men and two shells to every one of the Germans.'"

Mr. Haughton went on to laud those families who have given fathers and sons to the cause of the Empire, but also said, "St. John has a lot of human parasites who won't work for their families, for their country, nor for themselves. They occupy the seats in the squares and the parks of the city and some of them make their wives work while they sit around and smoke and drink rum. I'd like to see the government compel these fellows to work for their country. It would be putting into effect the apostolic principle of life that if a man will not work neither should he eat.

"Germany's veneration of force and materialism must be annihilated if it takes the whole world. Germany is putting its faith in force and in the right of might. This doctrine must be destroyed as that great scientist, Sir Oliver Lodge, said, 'It is the revolt against christianity that we are witnessing today, and the result of this war will be to carry the world back to Christ, the greatest revelation of God we have had on earth.'"

"It is going to be downright, for might never has been right and it never can be. Germany has boasted that she would terrify the world. She has done that, but has aroused the scorn, the contempt, the indignation, and the wrath of the world and it will strike Imperial Germany a paralyzing blow.

"In place of the gospel of mercy he would put the gospel of terror, and instead of the gospel of peace he would have spread the gospel of strife. But Jesus Christ comes with his gospel of mercy and love and forgiveness and helpfulness. Jesus Christ is the supreme lover of men. He never went about to kill, to destroy, to injure or to cause suffering. In fact, he went about doing good. If the Kaiser had been studying the lowly, loving and merciful Christ instead of Alexander Caesar, Napoleon and Nero we would not be witnessing the fearful carnage and murder he is causing the world today.

Courtenay Bay Contract To Proceed With More Rapidity Than Before

Work at Courtenay Bay will not be stopped, but will be proceeded with more rapidly and more satisfactorily. This information was conveyed to the office of The Standard last night by Hon. J. D. Hazen who has completely recovered from his recent illness and who has returned to Montreal to take up his official duties.

This news will be welcome in St. John and contradicts the story recently published to the effect that the work would be discontinued. It is pretty sure that another company will take over the work who will push the contract and it is expected that within a few weeks the contract will have been transferred and more activity will be noticed at the point of operations than ever before.

In regard to the Courtenay Bay contract, Hon. Mr. Hazen said there was no need of any alarm on the part of the people of St. John and the work would be proceeded with more rapidly and more satisfactorily than before.

While he was in the Adirondacks he was communicated with on the subject and got in touch with the Minister of Public Works. The notice given to the contractors was a precautionary measure and emphasized the determination of the department to have the work proceeded with more rapidly in future.

REV ROBERT M'KIM PREACHES HIS FIRST SERMON IN ST. LUKE'S

Rev. Robert P. McKim, son of Rev. R. P. McKim of St. Luke's church, preached for the first time last evening in St. Mary's church where he has been appointed a curate to assist Rev. Dr. Raymond in the work at Coldbrook East St. John and the General Public Hospital.

Mr. McKim preached an able sermon taking as his text, "I will look unto the hills from whence cometh my help." He made reference to the existing conditions in the world with the nations of Europe fighting for supremacy. The nations today were struggling on blindly with their eyes on the ground. They could but cast their eyes upward and receive inspiration and hope from God to lead them on the true way.

Rev. Mr. McKim is a graduate from Wycliffe College, Toronto, and was ordained with full orders on Trinity Sunday last by Bishop Sweeney in Toronto. Previous to that he has been assisting as a deacon in one of the Toronto churches.

He is well known in this province as he has for several summers past been lay reading in different districts up the St. John river.
