Receiver General Payments

I wish to verify the first item on Sheet No. 16 of the above return showing a collection from the Hmieskin's Reserve School of \$1.00. You indicate that this should be credited to the Hmieskin's Band, but a similar collection last year showed the Band to be credited as Louis Bull's. The lease account No. 290, shows this property to be on the Louis Bull's Reserve. Shall I change your Receiver General return or is it correct?
