## Tubes That Reduce Tire Cost

Good tubes—**Goodyear Tubes**—will help you get that lower-tire-cost-per-mile that offsets your high gasoline cost-per-mile.

For the tube has a more than superficial bearing on tire costs. It may make or break a casing.

Consider the slow leak—a common feature of poor tubes. It is a nuisance, necessitating constant inflating.

But it is more serious. It causes under-inflation—which ruins casings.

If tire costs matter to you—if greater mileage is desirable—choose tubes carefully. Choose **Goodyear Tubes** because they are fair to your tires.

Lamination is a quality-giving process. By it we insure air-tightness of a greater degree than is otherwise possible.

Fine rubber is rolled out thin as paper so that it can be rigidly inspected for leak-causing flaws. Then these transparent, perfect sheets are built up, layer on layer, into a **Goodyear Tube**. To perfect it we vulcanize the valve patch in instead of sticking it on.

**The Goodyear Tire & Rubber Co. of Canada, Limited**

Goodyear Tubes, along with Goodyear Tires and Tire-Saver Accessories, are easy to get from Goodyear Service Station Dealers everywhere

## COST vs. PERFORMANCE

There is no economy in saving a penny or two for cheap lubricating oil when you can save many dollars by using the best. The oils we recommend for tractor lubrication are sold to you direct, at the lowest basis of price for absolutely reliable products. Ask our agent about the right oil for your tractor.

*For Steam Tractors—*  
**CAPITOL STEAM CYLINDER OIL**

*For Gasoline Tractors—*  
**POLARINE OIL  
STANDARD GAS ENGINE OIL**

*For Kerosene Tractors—*  
**POLARINE OIL HEAVY  
IMPERIAL KEROSENE TRACTOR OIL**

All of our tractor oils are sold in steel barrels and steel half-barrels direct from our 500 prairie tank stations. There is one near you.
