TALKED OVER IN COMMITTEE,

rouble to remain in abeyance for six Those present were Ald. Walker a), Lamb, Saunders, Hunter, Frank-w, Galley, Denison and Barton. d to sign the agreement unless they re-

apon there ensued a discussion and the gopinions were expressed:

Trankland—"It would pay the city to months' breathing space over these

800 in order to get the agreement signed."

Ald. Hall—"It is very unfortunate that we can't settle this matter. Some new men may come on this board next year who will act in direct opposition to what we have been doing."

Ald. Walker—"Well, I could not ask the city to accept those engines as they stand at present."

Ald. Lamb—"I don't see why we can't settle this matter this year. The engines are a sat-class ich. Of communications of the second of

wheels. I don't supply a new set of gear wheels. I don't suppose they want to have a costly suit over this any more than we do. The expenditure of a few thousand dollars would improve these engines had not heen accepted they would have cost instead of \$58,000 at least \$100,000. Inglis & Hunter should have good have good, cheap engines that will pump nie and ten million gallons. If the Chairman and the Superintendent were to have a quiet, calim talk with Inglis & Hunter I believe the whole talk with Inglis & Hunter I believe the whole talk with Inglis & Hunter I believe the whole talk of the otice of the critical to try and come to a settlement and not leave it to men who will come here predicted from the word go."

Ald. Frankland—"I believe these engines could be put into working order if Inglis & Hunter were out of the question altogether. The engines ought to be taken out of their hands. The people are talking about the engines just as they talk about the Bible and "Boodle"—things they know nothing about.

Feel well satisfied.

Seeling is Better Than Hearing.

Every one intending to purchase articles of jewelry should call and see Woltz Bros. & Company's stock at 5 Leader-lane before investing elsewhere, as their goods are unsurpassed for quality or workmaship and at low prices. Ordered goods are promptly made up and satisfaction guaranteed.

Thanks From the "World's Fair."

The later are mad, out the customars feel well satisfied.

engines just as they talk about the Bible and "Boodle"—things they know nothing about I feel great sympathy for Inglis & Hunter and I would like to put a little money into their pockets if I could. That's my nature."

Here Mr. Inglis, who had been listening from a side seat, exclaimed: "Gentlemen, I may as well tell you candidly, if the engines are not taken better care of, I will not be responsible for anything."

Chairman Walker—"Well, now, you have either not said enough or you have said too much."

Chairman Walker—"Well, now, just give us something to back up what you have said."

Mr. Inglis said the babbitt metal had been completely burnt out of one of the journals, and the eccentric rod had been broken.

Chairman Walker explained that the same thing had happened when they had charge of the engines themselves, and that the breaking of an eccentric strap ought not to affect the working of the engine as a whole.

Superintendent Hamilton said the accidents complained of had occurred in Mr. Venables' time. "The construction of the engine is wrong, the workmanship is bad, and the maleral wead is had. In reporting on the com-

The Anglo-Canadian Music Publishers' Association have just issued four new-songs.

"On the Rolling Wave," words and music by Godfrey Marks, is a sailor song in six-eighth time, which fits such a song admirably successing as it also be a song admirably successing a song a son Godfrey Marks, is a sailor song in six-eighth time, which fits such a song admirably, suggesting as it does a rolling motion; it is within the range and capability of an average baritone voice. "Never Despair," music by J. L. Molloy, is a stirring soldier song with a striking air and pleasing semiment. "Fine Feathers," music by J. Edward German, is a pretty soprano ballad, not difficult and capable of good effect. "Love is a Dream," music by F. H. Cowan, is, as its title implies, a sentimental song, the most striking feature of which is a rythmic movement in waltz time.

time. "The construction of the engine is wrong, the workmanship is bad, and the material used is bad. In reporting on the condition of the engines I have only tried to do my duty, and anything I have said I am willing to leave to any qualified engineer."

Ald. Frankland—"If the city were to take these engines over completely all these little breakages would disappear."

Superintendent Hamilton—"No they won't, There will be continual breakages, and the city will have to pay for them."

The Chairman promised to have a report for next meeting and the discussion ceased.

This motion by Ald. Lamb was carried: "That Highis & Hunter be paid the sum of \$800 for the platform on No. 3 engine, the same not to be construed as an acceptance of the engine."

A resolution referring the value of the platform to arbitration was lost.

Another resolution by Ald. Lamb carried: "That the Chairman, the Superintendent, Ald. Lamb and Hunter consult with Inglis & Hunter be purpose of seeing what further improvement they would make to their pumping engine in consideration of the city accepting the engine."

Country Towns at Their Old Tricks.
The World reporter yesterday met a lad of 13 years looking for something to do. He said he had been in the city a week, had got no work, and was being quartered in the Newboys' Home "on trust" for a night or two.
"Where did you come from?"
"The Mayor of Lindsay gave us passes to Toronto a week ago, because we had no work there."
On being asked the Mayor's name the boy said it was J. W. Wallace, and he gave the names of the other boys sent down as Jack Hickey, Ned Hickey and Billy Brennan. His own name was Andrew Baxter, and his former employer having been arrested for stealing cattle he was left without a home.

—Until January I, 1887, we offer 10 and 15 per tent. discount off our already exceedingly low prices. See the goods. The People's Company, 10 Adelaide-street west. Sewing machine oil cents per bottle.

GREAT VARIETY.

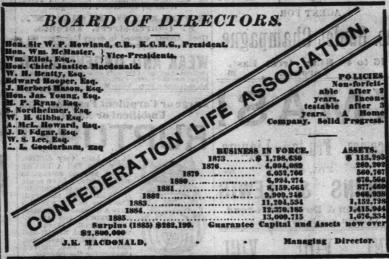

CLEVELAND'S SUPERIOR BAKING POWDER.

now being introduced in Canada, has been before the public fifteen years, and wherever introduced during that time has, on account of its purity and great merit, superseded very largely all other similar preparations for producing delicious, light and healthful bread material. Hence the great anxiety and fear evidenced by manufacturers of other baking powders when they learn that CLEVELAND'S BAKING POWDER is working its way into a new locality.

The manufacturers of CLEVELAND'S SUPERIOR BAKING POWDER, recognizing the fact that the public have a right to know what they are using as food, have for many years published their formula, which has been confirmed by analyses made by the Government chemists, State chemists and leading scientists of various States, showing that their Baking Powder contains only purest grape cream of tartar, bicarbonate of soda and a little wheat flour, the latter to preserve the strength of the powder, and that it does not contain ammonia, alum, lime, or any adulteration whatever. The public thus has not only the assurance that CLEVELAND'S SUPERIOR BAKING POWDER is "absolutely pure," but also a knowledge of all the ingredients that enter into its manufacture. This latter information is too often withheld by other baking powder companies. Bedress bus white it

The scurrilous advertisements of rival manufacturers will not deter the citizens of Canada from giving an article so flatteringly recommended as CLEVELAND'S SUPERIOR BAKING POWDER the trial which its merits so justly deserve.
