

173625.

Indian Office
Melbourne R.P.M.

As per the done
Sir

I herewith ~~enclose~~ ^{copy of} to the department for consideration a resolution passed by the Council of the Chippewas of The Thames Band on the 17th instant granting James Seneca permission to sell 20 loads of plastering sand to a white man. It is proposed to take it from the side of a hill near the River. It will do no damage to the land to remove it as that sort of sand is almost worthless as a subsoil. I would recommend that this request be granted.
