Honorable Arthur Meighen

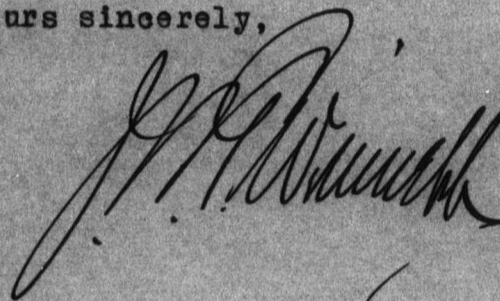

I know your explanation and defence is ample but it occurred to me this information is well for you to have anyway. Although the Company intend to enter up judgment next month they do not expect to be able to collect anything.

I would ask you to have your Secretary return the documents when you are through with them.

Hoping you will have no difficulty, and I know you will not, in meeting the accusation brought against you.

Believe me

Yours sincerely,

JWGW/E
