

be completed as a Dormitory for the female pupils. Father Lacombe states that Mr Henderson has given the contract only for a part of the garret, which would be insufficient for the purpose. The Rev. gentleman asks that permission be given to have the garret all finished, and that authority be wired at once to that effect, as the men are at present at work on that building.

I have telegraphed Father Lacombe to Calgary that I have communicated with you in the matter. Will you be good enough, if his recommendation is approved of, to wire the necessary authority
