

4

I beg to add to the foregoing respecting the Brandon Institution, that, as regards the date when Mr. Semmens may be appointed to the Principalship of the Institution, this, of course, would depend upon the date on which the same would be opened up. I do not expect it will be much before the 1st January next, as it will take some time to furnish the Institution after the building is completed.

You do not ask me to return that gentleman's letter; but, thinking that perhaps you may require it, I re-enclose the same herewith.

May I trouble Your Honour to present Mrs. Vankoughnet's and my own kindest regards and remembrances to Mrs. Schultz, and please accept the same for yourself and believe me to be as ever

His Honour

Lt. Governor Schultz,

Government House,

Winnipeg, Man.

Yours very sincerely
