

## "SUCCESS" Manure Spreader

### Has Many Exclusive Features.

No complicated, troublesome, easily-broken clutches, levers, gears, etc., are used to drive beater of "Success" Manure Spreader.

Old-style methods have been side-tracked entirely—not good enough for "Success."

Power is supplied by direct heavy-chain drive—a simpler, stronger, easier-working mechanism than used on any other manure spreader.

The driving mechanism is held securely in place by a HEAVY BRACED STUD, which is entirely absent from common manure spreaders.

Not a link of the STEEL-PINNED CHAIN has ever been known to break—and we've sold over 15,000 machines.

This direct drive gives the "Success" lighter draft, too—fully 25 per cent. lighter than any other machine.

A lever close by the seat throws the beater into gear. Impossible for it to get out of gear until the load is completely distributed or you release the lever. Securely locked back when in

gear, and just as securely locked forward when out of gear.

And our BEATER FREEING DEVICE is a wonder. Simultaneously with the throwing of the spreader into gear, the beater is automatically moved back from contact with the manure. Has lots of time to get up speed before the manure strikes it. This prevents all possibility of a strain in starting.

Remember, too, the "Success" has the LARGEST AND STRONGEST REAR AXLE.

This is of immense importance. Rear axle has to convey power to pulverize and distribute the load, besides bearing a great share of its weight.

Steer clear of a weak axle. It will play havoc with your machine. Parts will become disarranged and broken. It will be a constant source of anxiety and expense.

If you want the simplest, strongest, easiest-working manure spreader on the market, you will buy the "Success."

Write for our Free Illustrated Catalogue. It tells all about the "Success" in detail.

**THE PARIS PLOW CO., LIMITED**  
Western Office: Winnipeg, Man. PARIS, ONTARIO.

## This is a Busy Age!

Economize time by reading only the best journals published.

**The Farmer's Advocate is Rare Value at \$1.50 a Year.**
