

## NEW INDUSTRY FOR BELLEVILLE

First Commercial Output of Ferro-Molybdenum in Canada Turned Out at Steel Works.

Editor Ontario.

The first commercial output in Canada of Ferro-Molybdenum required by the Allies, has been made in Belleville during the past week, by M. J. Peter Evans, City Engineer, and his Metallurgists. This is an event of some significance, especially when it is considered in connection with Mr. Evans' successful reduction of titaniferous ores by his electric furnace process, already installed and his manufacture of fine steel, the value of which at present is at a phenomenal premium. For years the rich agricultural surrounding community has been tributary to and (let us be frank) has supported Belleville, we now see a possibility (long regarded with hope) of making the rich and varied metal and mineral deposits of the County of Hastings contribute as a large factor in the future progress of Belleville, which with its unlimited power supply and transportation facilities, only needs substantial encouragement to be given to men of faith, like Mr. Evans, to assure a prosperous and productive result. The balance of emigration has been terribly against Canada, apart from the men going overseas on service, during the last few months, (we blush to acknowledge it) and the only way we can stem the current and stay the exodus, is by municipal and industrial development within, the utilization of our resources (especially our public domain) and the translation of our wishes and hopes into action, when opportunities offer at our very doors as they are offering now is not merely the above, but in other near connections—all links on the chain of potential future prosperity.

Yours truly,  
W. N. PONTON.

### TREK TO BELLEVILLE

The Date Will Probably be About September 28th.

Major Hamilton and Major Ponton and others at the headquarters staff, are making estimates as to the probable cost of taking the soldiers of the camp to Belleville. Owing to the transport arrangements and other incidental expenses, which are bound to occur, there must be estimates made and these submitted to Ottawa, for authority for incurring them. The details for the contemplated trip to Belleville have

not yet been consummated, but it is likely that the troops will leave about September 28th. All depends on the weather conditions, whether suitable for bivouacking.

### PRIVATE M. MAZUREWICZ.

A Galvian Member of 155th Was Up For Examination On His Nationality—Was Very Frank.

Pte. M. Mazurewicz is the way that a private in the 155th Battalion spells his name, though Capt. J. C. Norwell, headquarters staff, had a difficult time pronouncing it. He was charged with being an alien enemy and was before the captain for examination.

In reply to questions the accused talked very frankly and said that he was born 23 years ago in Galicia. He is therefore, almost, if not quite, an Austrian, though he is not at all anxious for people to remind him of the fact. He came to Canada three years ago and since then has acquired quite a fund of English.

Before enlisting at Deseronto with the 155th Battalion, the private in question worked at Sudbury and lived with his sister. He moved to Deseronto and took a job in the cement works there. Though a foreigner he makes an excellent soldier and will very likely be allowed to continue in his ambition to get a shot at the Huns.

### MILITARY NOTES.

Captain Geen, of the 155th., is in the city.

Col. Adams is in Picton on leave. W. T. Farrow, A. Rattray, W. Reber and F. R. Laycoe of the 155th have completed their course at the school of instruction.

Twelve members of the 155th Battalion have been detailed to take a special course and give a bayonet fighting and physical training exhibition at the Kingston Fair.

The machine gun section of the 155th battalion came back to camp on Saturday, but will return to take up its recruiting work among the fairs of Prince Edward and Hastings counties, tomorrow. Private Foot of the "Pats" will return with the M. G. section and a number of good dates have yet to be filled. The work of the section is a big attraction at all the fairs.

Lieut. G. H. Gillespie is presiding at a Board of Officers with Major C. F. Wallbridge and Capt. F. H. Hillis as members for the purpose of reporting on clothing on issue to men of the 155th Battalion.

The band of the 155th Battalion, under the direction of Bandmaster E. R. Hinchey, has been engaged to play at Kingston Fair.

## ANNUAL CONCERT A FINE SUCCESS

Fine Entertainment at Shannonville Patronized by Large Crowd.

The annual concert of the Tyendinaga Agricultural Society, held in the A.O.U.W. Hall, Shannonville on the evening of Saturday Sept. 16th, was in every way a huge success. The hall was packed to standing, besides

many having to be turned away. The programme was of a very high and varied nature, the artists being Miss Clara Haynes, Toronto; Miss K. Bawson, Belleville; Eddie Pigott, Toronto. Miss Haynes proved herself very efficient in her splendid readings while Miss Bawson was heard to great advantage in her numbers, her clear, sweet voice making itself heard throughout the vast audience. Mr. Pigott by his wit, humor and style of dress brought smiles to the faces of everyone. All responded to many encores. Much of the success of the evening's programme, must be credited to the accompanist, Miss Helen Ketcheson, who performed her duties in her usual skilful and splendid manner. Miss Ketcheson's untiring performance at the piano is deserving of the highest praise. Two most interesting features of the programme were the patriotic duties performed by Mr. F. E. O'Flynn the able chairman of the evening, which consisted of the presentation of wrist watches to Rev. Wm. Maiz, Queens Ambulance Corps, Kingston, and Privates Jones and Coulter of the 155th Battalion, now at Barriefield, all of whom expect shortly to go overseas. Each of the boys responded to the presentation in a neat little speech of appreciation. Also to Mr. F. E. O'Flynn tell the duty of awarding the linen centre-piece, donated to the local Red Cross Society. The lucky number drawn was 385, the holder being Mr. A. E. Mark, Shannonville, who proudly came forward and claimed the prize. Mr. Mark is most deserving in being the winner, as he is a very enthusiastic worker along Red Cross lines, and a most liberal giver. The singing of the National Anthem brought to a close one of the most successful concerts given under the auspices of the Fair Association, and the President and Directors have every reason to be proud of results. Citizens of Shannonville and vicinity have great reason to be proud of their little village for the splendid quiet that was maintained throughout the day and evening, as many had anticipated a "rough time," but Shannonville has plenty of good sense and sound judgment, and the fact that King Bacchus descended from his throne, had no effect on our good-thinking and well-meaning community.

A Power of its Own.—Dr. Thomas' Electric Oil has a subtle power of its own that other oils cannot pretend to though there are many pretenders. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

### DEATH OF ESTEEMED RESIDENT.

Nathan Bowers an old and esteemed resident of this city passed away at the family residence 37 Benjamin street at 8 o'clock this morning. Deceased suffered a slight stroke of paralysis about 18 months ago and on Friday of last week he was seized with a second attack from which he never regained consciousness.

Mr. Bowers was born at Wellington, Prince Edward county, being a son of the late Mr. E. B. Bowers. In 1868 he married Miss Margaret Thompson, daughter of the late Wm. Thompson, of Prince Edward county. He is survived by his widow one son and two daughters, also one sister. To the bereaved will be extended the heartfelt sympathy of a host of friends. The deceased was a member of the Methodist church.

### FIRE AT WELLINGTON.

On Sunday morning about seven o'clock fire was discovered at the rear end of Mr. Alex. Tait's bakery. The alarm was given by two men in an auto who were the first to notice the blaze. The new fire engine was soon on the scene and the fire was speedily brought under control. Considerable damage was done to the front shop by water and smoke. The loss will be covered by insurance.

The value of the new fire engine was well demonstrated for had it not been for the prompt and effective work done by it a serious conflagration might have resulted.

### MILLER'S WORM POWDERS.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms are literally ground up and pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective vermifuge, they are 'optical and health-giving'.

### MRS. GIVINS' FUNERAL.

The funeral of Mrs. Jane Givins took place yesterday afternoon from the family residence, Forin Street, Rev. E. C. Currie officiating. Interment was in the family plot in Belleville Cemetery, the bearers being Messrs. James Moon, J. W. Cook, Wm. McIntosh, P. G. Denke, R. Tuttle and George Barlow. A large number of friends were present to pay their last tribute of respect to an honored lady.

### G. T. R. MAN KILLED.

Young Belleville Trainman, Pte. Hemmings, Killed in Action.

"Killed in action September 12th," read the official message received by Mr. Thomas Hemmings, 22 Amroth ave., Toronto. His son, Pte. Alb. E. Hemmings, of whom the message was written, was born in London, England. He came to Canada about ten years ago, and prior to enlisting was employed with the Grand Trunk Railway at Belleville.

He enlisted with the 59th Battalion. While in camp in Kingston he contracted meningitis, but recovered in time to go with his battalion, when they left for overseas in August, 1916. Upon arrival in England he was transferred to the 39th Battalion, where he took a six months' course in wireless, and signalling. He left for France in July 1916, where he was transferred again to the 3rd Battalion.

His brother, who is in a munition factory in Birkenhead, Cheshire, received a letter from him in August stating that he had been slightly wounded in the arm. The family at home received no official word of this. Pte. Hemmings, was 24 years of age.

### CURTAIN APRE.

A curtain in a dwelling over Yanover's clothing house caught fire this morning but the blaze was extinguished before it had spread.

### ASSISTED AT FUNERALS.

Mr. E. T. Thompson of the Thompson Company was in Toronto yesterday assisting Mr. A. W. Miles in some funerals.

### LITTLE GIRL'S DEATH.

Florence Rose Cummins, daughter of Mr. and Mrs. John Cummins Front street, died last night in her seventh year. The parents have the sympathy of many in their bereavement.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by the best worm remedy that can be got, Miller's Worm Powders, which are sure destroy worms in any shape.

## Men's \$15.00 Suits

The Price of cloth is getting higher and higher- If we were buying to-day our regular \$15.00 Suits would be \$20.00--But, we had the foresight to load up before the prices got away from us--Now we are in a position to sell you as good a Suit at \$15.00 as you ever bought --Is there and further argument necessary.

## Boy's Suits

Boys School Suits or best Suits at old Prices--Made in D. B. or Norfolk Styles--Full Bloomer Pants, Prices \$4.00, \$5.00, \$6.00, \$7.00 up to \$10.00
