# "IN 2 YEARS THE G.T.P. WILL BE HERE—ST. JOHN MUST BE READY."

St. John has gone through many political campaigns, countless meetings for the discussion of leading issues have been held here, on occasions the people have been aroused to a high pitch of excitement by the intensity of the struggle. But never in the history of this constituency has there been such a meeting as was held in the Nickel theatre last evening; never has enthusiasm been displayed; never have the speakers been more warmly received, given closer attention or afforded such hearty encouragement. If the tide of public opinion is to be judged by the conduct of such an audience—and by such a vast assemblage it must be judged-St. John will carry Dr. Pugsley and James Pender to victory on October 26th, by such a wave of popular approval as will be beyond the expectations of even the

dred persons in the Nickel last even-

### At Least 1,600 There There were not less than sixteen hun-

ing, the audience including a large number of ladies. From roof to pit standing room was at a premium, and even the entrances and alsles were crowded with eager listeners, anxious to hear Dr. Pugsley's reply to his traducers and the assues of the present campaign discussed by able speakers. The Minister of Public Works. although suffering from a severe cold, was at his best, and was cheered to the Smith, William Knodell, A. P. Barnhill, echo as he scored point after point against those who have been endeavorand false charges to dishonor his name, and by unsupported charges to balittle the glorious record of the Laurier adnistration. His reply to the charges made against him in his absence by Mr. Hazen, Mr. Maxwell and others was admirably clear and convincing: he placed himself before the electors fullest investigation and not only chal- order was restored. lenged Mr. Hazen to support his charges, but accused him of deliberately false statements which have been calculated to injure honored servants of the people. Later he dealt with he subject of St. John's future, and his forecast of the great development which must take place here within the next few years, his appeal to the electors to support a government which undertaken to prepare this port for the immense traffic which must come to it, and finally his declaration of his personal determination to have St John in readiness for this great craffic roused the audience to the high-

It was money was spent. Yet Mr. Powell has THE GOVERNMENT AND ST. JOHN which he is thoroughly familiar.

Mr. McKeown, the last speaker, felt fully refrained from telling the people tion of the time I deposited with the rethat so much had been said and the ground so fully covered by those who had preceded him that any extended

Every word uttered by the different speakers was heard with the closest attention, there were no interruptions, and no one left the hall until the close.

The Young Liberals Club, headed by the City Cornet Band, marched to the Nickel from Berryman's Hall, and attracted a great deal of attention. On the whole the meeting was one which must be rgarded as in every sense inspiring, which indicated the existence of a determination of St. John people to act in the interests of their city, and which must be looked upon as a certain augury of the success of the Liberal candidates in the coming contest. John Keeffe, president of the Liberal association, was in the chair, and on the platform were upwards of one hun
