

Fragrance

WHEN you open a tin of Red Rose Coffee, you will surely be pleased with its unusual fragrance, and you will note particularly the small, even grains, free of the yellow flake or chaff which you have always been accustomed to see in the ground coffee you have used. This is the result of our new crushing process. The small grains settle quickly, so the coffee is never muddy, but always bright and clear. You will be convinced before you taste it, that it is a coffee of unusual quality.

Temperance Meeting in Town Hall

A temperance mass meeting, well filling the Town Hall, was held Friday night immediately after civic nominations. Rev. W. J. Dean occupied the chair and gave the opening address. He was followed by Rev. Dr. Cousins, Sons of Temperance, Grand Organizer Rev. R. H. Stavert of Harcourt and S. of T. Grand Secretary Rev. W. R. Robinson of St. John. Rev. Mr. Dean sang a temperance solo and Miss Ella O'Donnell gave a reading. The speakers urged the citizens to support out of the 17 candidates for civic honors only those in favor of giving the town a clean government.

Rev. Mr. Stavert also severely condemned the game of "Bridge" as most demoralizing to the community.

Mr. Robinson showed that the intention of the Scott Act was not to provide revenue as appeared to be the purpose of its enforcers in most towns of the Maritime provinces, but to have second and third offences in regular order and to suppress the liquor traffic. It was illegal to use Scott Act funds to pay policemen or for any purpose but to enforce the Act. The fine for first offence could be made \$100 and for second \$200. The "occupant" was the proper person to be fined for violation of the law. He said that a law enforcement committee of 1000 members had been formed for the province and the day of rarping with Scott Act funds and enforcing the Scott Act as a sort of license was about over. The person to fine for an offence was the "occupant" as well as the actual seller.

EASY TO GET RID OF DANDRUFF

Dandruff means that down near the roots of your hair there is a vast army of little invisible germs or microbes. And this army never sleeps; it wages a war of destruction night and day. It destroys the nourishment that the hair must have in order to grow vigorously and abundantly.

PARISIAN SAGE now sold all over America will destroy these germs and at the same time furnish the hairroot with just the proper nourishment to make hair grow lustrous and luxuriant.

PARISIAN SAGE is guaranteed by T. J. Durick to banish dandruff, stop falling hair and itching scalp or money back. It is a delightful hair dressing that will instant fever with refined women. Sold for only 50 cents a large bottle by T. J. Durick and druggists everywhere. Girl with Auburn hair on every carton and bottle.

SYSTEM OF SLAVERY

United States Steel Corporation Labor Conditions Denounced.

Washington, April 11th, 1912.—Labor conditions in the plants of the United States Steel Corporation were denounced as a brutal system of industrial slavery in the Senate, Labor and Education Committee's report on the proposed eight-hour law for government contract labor submitted to-day.

The government is bound in its own defence, for its citizenship, its life, to interpose between the strong and the weak, the report declares. "No man can meet the obligations and discharge the duties of citizenship in a free government who is broken in spirit and racked in body through such industrial peonage. And before he has reached the prime of life under such conditions, sodden in mind and broken in health, he is cast off as a useless hulk—a burden and a care in society, and a menace to the Government. It is just as much the government's duty to protect citizens from such outrageous treatment as from the burglar and the highway man.

The report made by Senator Borah, of Idaho, chairman of the committee, said the proposed law would mean better work, less constitutional and would produce better citizens.
