**Speech of P. Blake, Esq., M. P. P.**  
Delivered in the House of Assembly, on the 2nd of April last, on the Motion to go into Committee on the Bill to amend the Act in relation to the Province of Prince Edward Island.

Mr. Blake, Mr. Speaker, I desire to make a few remarks on the important question now before the House, namely, the financial position of this Province. I feel a certain amount of diffidence and delicacy in addressing the House on this very important subject, particularly when I see around me many honorable gentlemen older in years and much more experienced in public matters than the one now addressing you. As a supporter of the general policy of the Government, I regret that I cannot agree with their financial management. The system adopted of their allowing the expenditure of each year to exceed the revenue is an unwise one. Last session, when I addressed the House, I pointed out the fact that the revenue and similar motion to the one now before it. I pointed out the fact that the revenue and similar motion to the one now before it. I pointed out the fact that the revenue and similar motion to the one now before it.

Having secured about Eight Thousand Dollars worth of CLOTHING at about Half price, we are going to slaughter it right and left, and the Man or Woman that don't see our Stock before buying will get left, sure.

Over 1000 (One Thousand) Children's Suits to select from.

Over 950 (Nine Hundred and Fifty) Men's Suits to select from.

In fact, we carry the largest stock of CLOTHING AND HATS on P. E. Island.

We know what we say when we tell you we will give you Clothing less than any other House in the trade. We can prove it. Don't pass us.

It was carried out, and a Council has since been elected that has ever attempted to go back to the old system of finance. A good deal has been said by hon. members on the other side of the House regarding the withdrawal of the capital of the Province of \$200,000. I voted, last session, for that withdrawal, and cannot plead ignorance. I am sure that the hon. member who introduced the bill in order to have the policy carried on in an efficient manner, and to have the money put to use, and to have the money put to use, and to have the money put to use.

Yearly increase of subsidy of \$30,000, representing 500,000,000. Making a total of \$1,272,549.40. Deduct sum withdrawn from above this year 200,000. Leaving a balance of \$1,272,549.40. Compare our present financial position with that of the year 1879, we find we have an increase in our capital of \$200,000,000, or 20 per cent. of the total amount of \$1,000,000,000. This is a very large increase, and it is a very large increase, and it is a very large increase.

One of the great faults of patriots of our time, a man who loved his country and its people more than he loved himself, was the Hon. Charles A. Brown. His book on "The American Republic" was one of the best ever written. It was a book that was read by every patriotic man in the country. It was a book that was read by every patriotic man in the country. It was a book that was read by every patriotic man in the country.
