Indian Root Pills
and Prolong Life

If as much intelligent care were given to keeping the body clean and pure within as well as without we would see more healthy, vigorous old men and women. The daily bath does its part by keeping the pores of the skin open so that they throw off much of the body's impurities, but it is even more important that the bowels and kidneys should be kept regular and active. fail, as they often do, move regularly at least once a day. The stomach, is sluggish the impurities should filter from the and cause rheumatism. The Indian Root Pills, stimulate the kidneys and bowels of the system. The clean within—pure, red digestion—and a hale and

ANNUAL MEETING OF A.A.H.A.

The annual meeting of the A.A.H.A. was held at Red Deer on Saturday, November 20th, at 8 p.m. Many clubs from Calgary to Lloydminster were represented. It was arranged that the members of the executive committee should be appointed conveners of the various districts and with representatives of the various clubs draw up a schedule. The members were also empowered to accept entry fees from the respective clubs and forward the same to the secretary. The conveners of the districts will endeavor to arrange the schedules so that semi-final games will come on or about the 15th of February. The said fees are to be paid and the schedule to be drawn up before December 20th. Players certificates are to be signed before that date also.

As the A.A.H.A. is affiliated with the A.A.A.A., any person who has been professionalized shall be reinstated by the A.A.H.A. by presenting papers that his amateur standing is recognized by the A.A.A.A.

There are to be five districts, conveners to consist of: Gibson, Lacrosse-Hockey and St. Mary's teams.

Didsbury District—Mr. Curtis, convenor, to consist of Aldridge, Crossfield, Olds, Didsbury.

Red Deer District—Mr. Randall, convenor, to consist of Red Deer, Lacombe, Stettler and Castor.

Edmonton District—R. H. Brown, convenor, to consist of Edmonton Y.M.C.A., Edmonton Wanderers, Strathcona, Vegreville.

Lloydminster District—Mr. Farley, convenor, to consist of Lloydminster, Kitcoy, Vermilion and Lashburn.

It was decided that Lloydminster must include one or more Saskatchewan teams to complete the district if they deemed it advisable.

Any other teams wishing to enter the league may do so by applying to the secretary and provision will be made for them by the various districts.

It was decided that referees should adhere to the rule (page 13) strictly, regarding players' certificates. Referees shall be chosen by the executive where the contending clubs fail to agree on a suitable referee.

The officers for the season, 1909-10 were as follows:

Honorary President—Hon. A. C. Rutherford, Strathcona.

Honorary Vice-President—M. S. McCarthy, Calgary.

President—Jas. Gourlay, Lacombe.

1st Vice-President—Mr. Welliver, Red Deer.

2nd Vice-President—Mr. Ward (Y. M. C. A.), Edmonton.

3rd Vice-President—Bramley Moore, Lloydminster.

Secretary—C. H. Graham, Strathcona.

Treasurer—R. H. Dobson, Strathcona.

Executive—Jas. Gourlay, Lacombe; R. H. Brown, Edmonton; C. H. Graham, Strathcona; Dr. Gibson, Calgary; Mr. Randall, Red Deer; Mr. Farley, Lloydminster; Mr. Curtis, Didsbury; Mr. Welliver, Red Deer; Mr. Ward, Edmonton.

HOCKEY IN MONTREAL.

Montreal Nov. 22.—The hockey situation seems to be fairly peaceful. A club league is an assured thing and Wanderers, Montreal Pros, and Shamrocks are all skimming for players.

As far as can be "doped out" now and that is about the only expression that fits the situation. Ross, Small and Harn will be with the Montreal Pros. They would like Russell Bowie, but Bowie says he is out of the game, which may not mean anything, but it is very doubtful if he will play with a Pro team under any circumstances.

The Jubilee Wanderers are said to have LeSeuer, Gardner, Johnson and Glass, but in regard to latter, nothing is certain either, and there will be some high bidding.

National hope to have Lalonde who is in town and Pitre. Laviollette will play with him if he can get rid of his Shamrock contract.

ASK FOR LATE DATES.

(Wednesday's Daily.) President McLeod called a special meeting of the executive of the Edmonton Hockey Club yesterday afternoon to consider what should be done in view of the reply of the trustees to Edmonton's challenge for the Stanley Cup, that Galt and Winnipeg Shamrocks had been given dates before the opening of the season and that there would not be time for another series.

The executive unanimously decided to make another try to get early dates, and wired the trustees immediately to reconsider their decision. In the event of early dates being unobtainable the executive will ask for later ones.

Should the Galt Club prove to be four-fushing Edmonton will make a bid for the dates given them. There is just a possibility that Galt will not send a team after the cup although its challenge has been accepted and early dates promised.

The executive decided to go ahead and sign players and start getting the team in shape. Ice is now ready for practice.

When a cold becomes settled in the system, it will take several days of treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. "Sol" is all dealers.

UNIVERSITY BUILDING

WILL COST \$500,000.00

Reports on Progress of Work of Past Year Received by Senate and De-

clined Arrived at the Plan of Organization of the University.

Undoubtedly the most important meeting that has ever been held by the Senate of the University of Alberta was held in Strathcona last Friday. With the exceptions of the brief adjournments for luncheon and dinner, the Senate was in constant session from 9.30 in the morning until eleven o'clock in the evening. All of the members of the Senate, with the exception of Messrs. Jenkins and Strathly, who are absent from the province, were present. The session was presided over by the chancellor, Mr. Justice Stuart.

In addition to being called upon to deal with several matters of importance concerning the internal management of the university, the Senate also had under consideration the plans of the first building, the foundations of which are now being laid on the University site. For several months past the provincial architect has been engaged in the preparation of plans for the proposed building, and the result of his labors was shown in the magnificent set of plans that were laid before the Senate. The plans accepted by the Senate provide for the construction of a building 320 x 72 feet in size, with wings on the north and south ends 110 x 38 feet.

Of Gothic architecture. The building is to be of plain collegiate gothic architecture, three stories in height, with a full sized basement. On the west side of the building is a hall and gymnasium have been provided for, both of which it is expected will serve the requirements of the building for a number of years to come. The building is to be constructed of granite and sand or lime stone, and the work of the architect is to be supervised by the Provincial Department of Public Works. Provision is made for lecture rooms for the faculty of arts, including classics, mathematics, English, history and philosophy. Part of the basement is given up to testing and other laboratories for the department of applied sciences. Laboratories are also provided for agricultural, physical and general chemistry and for botany and general biology. One wing is to be devoted to general offices and lecture rooms for the Department of Agriculture. Provision is made for the library and a moderate fund of 15,000 to 20,000 volumes.

Will Cost \$500,000. In addition, part of the building will be used for general administration, and the whole as an administration building is necessary. It is estimated that the building will not be completed inside of approximately \$500,000. The building will be freestanding throughout and will be to the men at the place to be employed, they should be allowed to present them through the medium of officers of the Union to which they belong.

In one case, however, a man was dismissed and a junior retained who apparently did not possess superior qualifications. The board could not satisfy to its satisfaction that no fair discrimination had been exercised because the men were members of the Brotherhood of Railway and Ship Employees. The evidence tended to clearly disprove the charge that there had been political interference and discrimination in connection with the dismissal.

The board in conclusion expressed the opinion that when employees belong to the Union and the Union is a part of the agreement with the I.C.R. and when their grievances failed in reference to officials who are not necessary to the men at the place to be employed, they should be allowed to present them through the medium of officers of the Union to which they belong.
