**New Encyclopaedia.**

**THE 1911 NELSON ENCYCLOPAEDIA** is based on the Harpworth's Encyclopaedia and the Nelson "Loose-Leaf." The amount of reading matter has been slightly increased. The best has been retained from both the older books, hundreds of new articles have been written and everything has been revised and brought up to date. It will be issued in twenty-five fortnightly shilling volumes in the handy size and neat cloth bindings familiar to all purchasers of the Nelson Popular Libraries. The paper is of excellent quality. Illustrations and diagrams elucidate the text where necessary and numerous full-page pictures add to the interest and value of the work. The Encyclopaedia itself will occupy twenty-three volumes and an English Dictionary and an Atlas as vols. 14 and 25, making the whole set a complete Reference Library for the home.

**Vols. 1, 2 and 3 now in stock. Price 25c. per vol.**
